

## SENATE STANDS PAT ON OPA BILL

RUSSIAN LOAN  
PLAN IS DEAD,  
TRUMAN SAYSPRESIDENT MAY GO  
ON STUMP TOUR  
FOR PARTY

Washington, July 18. (AP)—President Truman today made it clear that the matter of a \$1,000,000,000 loan to Russia is dead for this year.

At a presidential news conference which covered a wide range of topics, he was asked whether he plans to request authorization from congress for other foreign loans now that the \$3,750,000,000 credit to Britain has been approved. The chief executive said he has no such intentions.

He also said that the proposal to enlarge the lending authority of the Export-Import Bank to \$1-250,000,000 will not come up until the next session of congress, in 1947. This increase would have to be approved before the bank could make a loan to Russia.

U. N. Delegates Picked  
The president added that he favors the proposed \$100,000,000 loan to the new Philippines republic which is now pending in congress as a separate bill.

Mr. Truman opened his session with reporters by announcing the American delegation to the next session of the United Nations assembly in New York—Senators Austin (R-Vt.), Connally (D-Tex.) and Vandenberg (R-Mich.), Rep. Bloom (D-N.Y.) and Mrs. Eleanor Roosevelt. Alternates will be Rep. Eaton (R-N.J.), Rep. Helen Douglas (D-Calif.), John Foster Dulles and Adlai Stevenson.

Austin, who has been appointed American delegate to the security council, will be in charge of the assembly delegation when Secretary of State Byrnes is not there. Mr. Truman said he himself does not expect to attend the meetings but Byrnes probably will attend some.

Hannegan To Stay  
The president had been expected to announce the three-man economic council established by the employment bill. The appointments have been pending for months. Mr. Truman said that while he had expected to announce them today, they are not quite ready.

Similarly he was not ready to announce a successor to Rexford Guy Tugwell as governor of Puerto Rico.

The questioning then turned to four political matters:

1. Mr. Truman disclosed he will take the stump for the Democrats in the November congressional elections if it appears necessary.

2. He confirmed that he is opposing Rep. Roger C. Slaughter, Kansas City Democrat, for renomination.

3. He expects Robert E. Hannegan to continue as Democratic national chairman throughout the campaign, despite reports of poor health. He commented that Hannegan is a good chairman.

4. The president said he had no comment on the defeat of Senator Burton K. Wheeler by Leif Erickson in the Montana Democratic primary. Mr. Truman had entered the campaign there to the extent of writing a letter to Wheeler's campaign manager, answering charges that Wheeler was an enemy of railroad labor.

New OPA Law Awaited  
The OPA inevitably came up when the chief executive was asked whether he plans to name a successor to Chester Bowles, who resigned as stabilization director. Mr. Truman said a successor will be named when he gets a new law.

Pay Boosts To Meet  
Rising Living Costs  
Are Sought By CIO

Washington, July 18 (AP)—The CIO executive board today called on President Truman to summon immediately a conference of labor and industry representatives to consider "immediate wage increases" in view of rising prices.

The CIO President Philip Murray, in announcing the executive board action, said he would ask President Truman also that the labor-industry conference consider means for establishing "adequate guarantees for a stabilized national economy."

"Only in this manner can we avoid the terrible devastation and misery of an inflationary period which will otherwise descend upon the people of this country," the board said in a statement.

"It is imperative that pursuant to the very program which President Truman sponsored in February of this year, relief be afforded to the workers to meet the perils of the months which will intervene before the termination dates of existing contracts and before steps can be taken to achieve a stabilized national economy."

"The drastic wage cuts which rising prices have imposed upon the great masses of wage and salary workers, to whom a pledge of a stabilized economy was given and broken, create a national problem and national crisis."

Earlier Jack Kroll, close associate of the late Sidney Hillman, took over the top administrative job in the CIO Political Action Committee today but responsibility for running the organization was spread to a five-man board.

CIO President Philip Murray announced that Kroll, a high official in Hillman's clothing work-

COUNTRY COOKS  
IN BLAZING SUNRelief From Heat Wave  
Forecast For Coming  
Week End

(By The Associated Press)

The Midwest baked under a blazing sun yesterday (Thursday) which forced temperatures in some areas above the 100 degree mark.

Dodge City, Kans., had 101, Kansas City, Mo., had 100, and most of Kansas sweltered in comparable temperatures.

Readings were mainly in the 90's over the entire area from Iowa east to Indiana.

In Chicago, temperatures of 99.9 degrees broke the record for the day which had stood since 1930.

In Omaha, where the mercury reached 93 by noon, cattle and hogs being shipped to market died in the hot sun as a rush of livestock to market caused long lines of trucks to form outside the stockyards.

Forecasters said a break in the hot weather would come by the weekend. Somewhat cooler weather was reported moving eastward over the Dakotas and western Nebraska. Temperatures in that area today were in the 70's or low 80's.

MEAT PRICES  
CRACKING, UAW  
CHIEF CLAIMSBUYING SLOWDOWN  
FELT IN DETROIT  
MARKETS

(By The Associated Press)  
The CIO United Auto Workers reported Thursday that meat prices throughout the country are "beginning to crack under the strain of the strike against meat purchases by its members and other consumers, said the campaign was progressing well."

Walter P. Reuther, in his initial report since the UAW appealed Tuesday for a week-long embargo on meat purchases by its members and other consumers, said the campaign was progressing well.

"America's 140,000,000 consumers are tasting the powers they hold to bring profiteers into line. The UAW-CIO has urged all its regional directors and local union officers to take all necessary steps to intensify the meat buying strike this weekend."

More Rallies Held  
Meanwhile, an estimated 4,000 unionists attended a South Bend, Ind., rally Thursday and heard Richard T. Leonard, UAW vice president, declare, "rising prices will bring industrial strikes, consumer strikes and political opposition to an unfaithful Congress."

The rally was held during a two-hour "labor holiday" called at principal industrial plants in the South Bend area.

At Elkhart, Ind., the Elkhart county CIO council disclosed plans for a Monday night demonstration against increased prices.

At Salt Lake City, the Utah Retail Grocers' Association said there was a "definite slackening off" in sales of meat and butter with supplies backed up as far as the wholesaler.

At San Francisco, E. F. Forbes, president of the Western State Meat Packers' Association, said meat supplies have increased so much during the past two weeks of free prices that "consumer resistance is developing and meat is backing up from retail shops to slaughterhouses."

At Detroit, a consumers "slowdown" was reported underway in protest against high meat prices.

At Grand Rapids, Mich., Charles Pastor, a packing house official, said the meat buying strike has cut sharply into his business. He reported that much of his company's output is shipped to New England and middle Atlantic states.

'DEAL' GIVEN UP  
IN DEGNAN CASEPreparations Started For  
Heirens Trial In  
Kidnap-Killing

Chicago, July 18 (AP)—With reports of a "deal" still lacking official verification, the defense and prosecution went ahead today with preparations for a possible trial of William Heirens in the kidnap-slaying of Suzanne Degnan.

Heirens' attorneys visited the scene of the Degnan crime on the north side to "examine anything and everything" that had to do with the kidnap-slaying.

State's Attorney William J. Tuohy and his assistants viewed the scene earlier this week and the prosecutor announced he would seek murder indictments against Heirens in the Degnan case and in the "lipstick killing" of Frances Brown, a former Wave.

Earlier, Chicago newspapers reported a "deal" had been reached or was in the making between Tuohy and Heirens' lawyers whereby the 17-year-old University of Chicago student would formally confess the Degnan and Brown killings and the knife slaying a year ago of Mrs. Josephine Ross.

In return, these reports stated, Tuohy would recommend a life sentence for Heirens instead of the electric chair.

However, the Herald-American said today: "all horse trading for a pre-trial settlement of the fate of William Heirens, the schizophrenic murder suspect, was abandoned today and opposing counsel began preparing for a judge and jury trial."

Five Eisenhowers  
All Hook Muskies  
At Minocqua, Wis.

Minocqua, Wis., July 18 (AP)—With the general of the Army setting the pace, the five brothers Eisenhower have collected a legal size muskie each and "Ike" says that the catch makes the family vacation here this week an official success.

No one volunteered any information on the size of the fish, but the minimum keeping length for muskellunge in Wisconsin is 30 inches.

The general drew first blood yesterday, taking his muskie after a 15 minute tussle. Brothers Milton, Earl, Arthur and Edgar followed suit before day's end.

## FOOD RIOTERS KILLED

Ratlam, India, July 18 (AP)—Six persons were killed and 27 were injured today when police fired on a crowd demonstrating in front of the Maharajah's palace against a cut in the food ration, said an official communiqué issued by the state of Ratlam.

Conflicts Continue  
On Naming Federal  
Judges In Michigan

BY JOHN CHADWICK  
AP Special Washington Service  
Washington, July 18 (AP)—No meeting of the Senate judiciary committee will be held tomorrow to consider the nominations of two federal judges for Michigan.

That much was definite today, but just when the nominations of Raymond W. Starr and Theodore Levin will be acted on is uncertain.

Senator Ferguson (R-Mich.) told a reporter the full committee would meet at 10:30 a. m. Monday to consider the nominations. He said Chairman McCarran (D-Nev.) so told him.

But McCarran, asked when the nominations would be taken up, told a reporter: "I have no idea."

The same sort of conflict had developed about a committee meeting tomorrow. Ferguson said McCarran told him the nomination of Starr, a state supreme court justice, would be considered then.

McCarran denied it. He said he had told Ferguson only that he "was trying" to arrange such a meeting, that it was "not at all certain."

When the list of tomorrow's committee sessions was announced today, the judiciary committee was not included.

Ferguson quoted McCarran as saying that objections were going to be raised to the nomination of Starr for judge of Michigan's western district court.

Nothing was said about Levin, a Detroit attorney, nominated for judge in the eastern district. Both nominations will be considered Monday, Ferguson said.

Monday is the regular meeting date for the judiciary committee. McCarran said that last week only two members showed up.

The nominations were opposed by some of the Democrats in Michigan's congressional delegation. Vigorous protests also were heard at the party's recent state convention in Lansing.

Some of the state's Democrats have said that Levin is a former Republican and have objected to Starr's leaving the state court because his place could be filled by a Republican governor.

ELEVATORS FILL  
UP WITH WHEATStorage Taxed, Railroad  
Cars Needed To  
Move Grain

Lansing, July 18. (AP)—Southern Michigan elevators are bulging with wheat rolling to market in a torrent as the harvest gets under full way, the federal - state crop reporting service declared today.

Grain dealers attributed heavy early marketings to high prices and said some elevators may be forced to suspend operations until more railroad cars are made available to move the wheat.

No open storage has been reported to yet, but the situation is becoming constantly more serious, they added.

The crop reporting service said hot, dry weather provided ideal harvesting and haying conditions in the past week. Corn and some truck crops are growing well but others are suffering from lack of moisture.

Southwestern Michigan is most seriously in need of rain, the service declared.

Sugar beets, field beans, soybeans and potatoes have made rapid growth, a weekly summary of crop conditions disclosed, and the quality and size of cherry crop now being harvested is reported "good."

Cantaloupes should be ready for market before mid-August and the early celery harvest is in full swing in the Kalamazoo, Grand Haven and Muskegon areas, the report said.

State police at Bridgewater said they believed all bodies were recovered from the wreckage. One was unidentified.

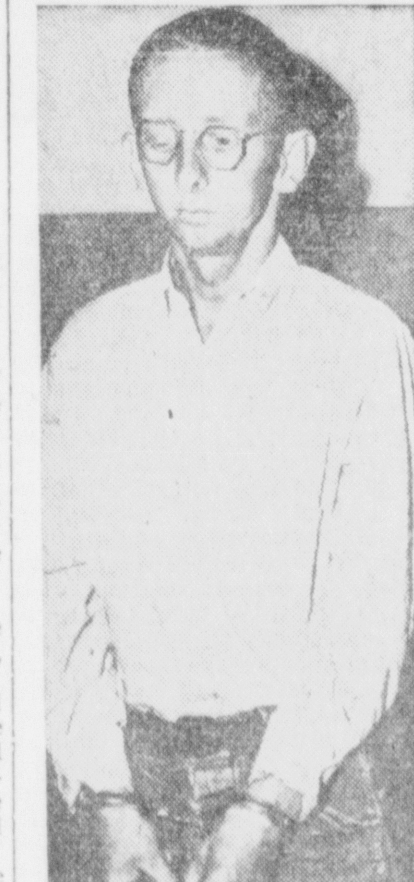

The injured were treated at hospitals in nearby Wareham (of which Onset is a village) New Bedford and Middleboro.

Onset, Mass., Blast  
Kills Eight; Four  
Buildings Wrecked

Onset, Mass., July 18 (AP)—Eight persons were killed and about 38 others were injured, state police reported tonight, in a terrific gas explosion that rocked the center of this Buzzard's Bay village, blasting four buildings into rubble.

State police at Bridgewater said they believed all bodies were recovered from the wreckage. One was unidentified.

The injured were treated at hospitals in nearby Wareham (of which Onset is a village) New Bedford and Middleboro.

98-POUND KILLER — Marion Karras, 27, Michigan City, Ind., confessed strangling 7-year-old Dayda Lisak and burying her body in a nearby marsh. Karras, who weighs 98 pounds, said he took the girl for a ride on a motor scooter before he strangled her. (NEA Telephoto.)

Nothing was said about Levin, a Detroit attorney, nominated for judge in the eastern district. Both nominations will be considered Monday, Ferguson said.

Monday is the regular meeting date for the judiciary committee. McCarran said that last week only two members showed up.

The nominations were opposed by some of the Democrats in Michigan's congressional delegation. Vigorous protests also were heard at the party's recent state convention in Lansing.

Some of the state's Democrats have said that Levin is a former Republican and have objected to Starr's leaving the state court because his place could be filled by a Republican governor.

Chicago, July 18. (AP)—Livestock prices slumped heavily today at most markets and for most kinds and weights. The sharpest decline was in hogs, which sold as much as \$2.50 under yesterday's best figures. Cattle were down 50 cents to \$1.50 a hundred pounds.

Some markets, notably Omaha, Neb., and Sioux City, Ia., had such a large influx of animals and so few cattle cars to ship them out in that large numbers died from some of the hottest weather of the season.

Omaha reported temperatures up toward 100 by afternoon and Chicago reached above 99. Dodge City, Kans., reported 101.

The U. S. department of agriculture said the number of cattle and hogs dying were "not unusual" for the time of year, considering the large receipts.

Livestock which dies because of heat is classed as "unfit for human consumption" and is sent to rendering plants, the USDA representative said.

The car shortage spread over most of the middle western markets, said the department of agriculture representative. It resulted, he said, from heavy outbound shipments last week to the east and west coasts, and the empties had not yet been moved back.

Truman Asks Halt  
In Building Ships  
To Conserve Funds

Washington, July 18 (AP)—President Truman today asked the Maritime Commission to hold up the proposed construction of two large liners to help conserve both federal funds and short materials.

Reconversion Director John R. Steelman wrote the commission that the president wants the construction awards postponed for "at least a year."

Stelman said the material required for ship construction "is still in acutely short supply."

But the most decisive factor in the request for the delay, Steelman said, "is the possibility that the Congress will fail to extend effective price controls."

Freeze Of Old Age  
Tax At One Per Cent  
Approved In Senate

Washington, July 18 (AP)—The Senate Finance Committee today approved Social Security legislation which includes a provision freezing the employer and employee old age security tax at one per cent until the end of 1947.

The measure originated with the House Ways and Means Committee but the House has not yet acted.

## HOLLAND RAISES WAGES

Holland (AP)—The Holland city council Wednesday night approved wage recommendations submitted by a mediation commission appointed by Gov. Kelly during a recent strike of municipal workers. Increases up to 10 cents an hour were proposed. The mediation commission was headed by the Rev. Marion Develder of Holland.

## BIG CHERRY CROP

Shelby (AP)—Although 6,000 cherry pickers already are on the job, Oceana county growers have issued an appeal for additional pickers to help with the biggest sour cherry crop in recent years.

HOUSE WANTS  
CEILINGS PUT  
BACK ON FOODMEMBERS HOPEFUL  
OF COMPROMISE  
EVENTUALLY

Washington, July 18 (AP)—Senate conferees on OPA rejected today a proposal by House members for a compromise that would have removed the Senate ban on any further price ceilings for meat, milk, eggs and other foods.

Senator Taft (R-Ohio) and Chairman Spence (D-Ky) of the House Banking Committee jointly announced the House members had offered, and that Senate members promptly rejected, this compromise proposal:

1. That the Senate recede from the provision of its bill that prohibits any further price controls on a long list of major food items.

2. That the Senate also back down on a section of its bill that gives OPA discretionary power in the application of a new pricing formula which would require price increases for a large number of manufactured articles.

Manufactured 4 to 3  
In both cases, it was disclosed, the Senate members of the conference committee rejected the House proposal by a vote of four to three.

One conference member said the situation appears to be "completely stalemated." However, the House-Senate committee appointed a subcommittee composed of Taft and Senators Tubey (R-NH) and Haddcliffe (D-Md) to attempt the writing of a compromise overnight on the House proposal that the decontrols on food be removed from the bill. Another session of the conference committee was set for tomorrow morning.

Senator Taft (R-Ohio), target of bitter criticism from Mr. Truman because of a pricing amendment he sponsored in the OPA bill which the president vetoed last month, wanted the discretionary authority taken out of the new measure. Such a change would bring it nearer to the Taft pricing amendment in the vetoed bill which drew the president's fire.

In the face of a threatened hopeless deadlock on OPA legislation, Rep. Barry (D-NY), a member of the House-Senate committee, issued a statement saying that if no compromise is reached he will introduce a bill intended to empower the president to restore price controls by executive order if price increases warrant such action. Barry voiced fear that "prices of many essential commodities will go skyhigh" without OPA.

Let OPA "Stay Dead"  
Some members of the conference committee still appeared hopeful of a compromise. Rep. Wolcott (R-Mich) said "when the break comes it will come quickly. Somebody has got to give in."

Meanwhile, there were these other OPA developments:

1. Mr. Truman told his news conference that a successor to resigned Economic Stabilizer Chester Bowles will be named if he gets an OPA law under which a successor can function. As to whether he will get one, the executive told a newsmen that your guess is as good as mine.

2. Senator Wiley (R-Wis) suggested to the Senate that OPA "stay dead" for 60 to 90 days, to see if "the American free enterprise system" cannot demonstrate

ARMY MEN GET ON ATOM BOARD

House Votes To Seat Military Member Of Control Commission

Washington, July 18 (AP)—The house voted today to seat military representatives on a five-man commission for domestic atomic energy controls, overriding the administration's wishes and the senate's decision.

By a non-record vote of 127 to 96, the house upheld an amendment by its military committee requiring the president to select one of the five commissioners from among the armed forces and permitting him to name a second military man if he sees fit. The decision is subject to a roll-call vote later when the measure reaches the stage of final passage.

House adoption of the controversial provision probably will throw the matter into a senate conference committee for decision. The bill by Senator McMahon (D-Conn.) which the senate passed provided that all five members of the commission should be civilians. This was endorsed by President Truman and approved by the heads of the Army and Navy.

The house earlier beat back attempts to kill the legislation outright, giving the administration a preliminary victory.

New Discovery For Pneumonia Defense

St. Louis.—Discovery of a hitherto unknown defense of the body against pneumonia germs is announced by Drs. W. Barry Wood Jr., Mary Ruth Smith and Barbara Watson of Washington University School of Medicine and the Oscar Johnson Institute for Medical Research here.

Some quality of the surface of lung tissue and of other tissue, these scientists find, allows white blood cells and other scavenger cells of the body to destroy pneumonia germs without the aid of special antibodies.

This is contrary to previous ideas on the subject. Current medical books tell you that virulent pneumonia germs are protected from scavenger cell destruction by the sugary capsule surrounding each pneumonia germ. Only when a special antibody called opsonin is present to help can the scavenger cells gobble up pneumonia germs, capsule and all.

This failed to reveal why untreated patients sometimes recover from pneumonia before a specific antibody is found in their blood or why sulfa drugs usually bring about a crisis leading to recovery several days before immune substances appear in the pneumonia patient's blood.

The new discovery gives an adequate answer to these unsolved questions.

In their report to the scientific journal, Science, the St. Louis scientists hint that the newly discovered defense mechanism may operate against other capsulated germs.

Pocketing Of Fines In Detroit Traffic Court Investigated

Detroit, July 18 (AP)—Grand Juror George B. Murphy today ordered all reports of traffic court irregularities sent to his office.

Earlier, Judge John D. Watts suspended a \$3,000-a-year traffic court clerk pending further investigation of charges that "certain employees" of the court have pocketed traffic fines.

Judge Murphy, presently conducting a probe of union activities, as the city's other traffic judge and also head of a traffic court grand jury instituted last year.

The suspended clerk was appointed by Judge Murphy. He could not be reached for comment on the suspension.

Silver Price Fixed At 90.3 Cents In Separate Measure

Washington, (AP)—The senate has removed the silver price controversy from the Treasury-Postoffice Supply Bill and passed a separate bill calling for the sale of the treasury's surplus silver at 90.3 cents per ounce.

The action was taken in an effort to break a long deadlock with the house, which insisted on a silver sale price of 71.11 cents an ounce, and which put this stipulation into the supply bill as a rider. Each chamber has repeatedly refused to recede from its proposed silver sale figure.

The senate, after taking the issue out of the Supply Bill, took up and passed unanimously a separate pending bill by Senator Hayden (D-Ariz.) providing for 90.3-cent silver. Hayden reported that there was no possibility of reaching an agreement on the issue within a House-Senate conference committee considering differences over the Treasury-Post Office Supply Bill.

Safety Awards Won By Peninsula Mines

Washington, (AP)—The Bureau of Mines here has announced that one of six "sentinels of safety" trophies—highest decoration for mine safety—will go to the James Iron-Ore Mine, James Mining Company at Iron River, Michigan for completing 177,373 man-hours without a lost-time accident.

In addition the Bureau announced award of certificates of honorable mention to 74 mines and quarries for working 30,000 or

New Taxicab Companies Get Council Approval; To Set Uniform Rates

The city council took action at its regular meeting last night approving the applications of several Escanabans who will go into the taxicab business here and agreed to meet sometime in the near future with representatives of all the cab companies regarding control of taxi rates, some of which are not considered equitable.

New cab businesses here will be the Escanaba Cab company, which will be owned and operated by Gordon Honeywell and the Delta Cab company, conducted by James Harwood and Robert Kidd.

Eventually the city's taxicab ordinance will be revised to insure uniform cab rates throughout the city and no "chiselling" will be permitted; cab drivers will be required to meet certain physical qualifications and cruising by taxis at stops where bus service is available will not be allowed.

Reporting on the condition of the municipal sewage disposal plant, the city manager said that the present digester will have to be replaced soon and recommended an expenditure of \$1200 to hire consulting engineers to look over the facilities and make necessary plans for extension and improvement which will probably amount to something like \$45,000 in the next several years. Many similar

World Good-Will Only Sure Control For Atom Bomb

Washington, July 15—If it has not become apparent as a result of the sessions of the UNO atomic energy commission in New York, the nonofficial and more outspoken atomic energy meeting here this morning makes this clear:

The real problem is not the control of the fission of the plutonium atom, but the control of the attitudes, feelings and emotions of peoples of various nations.

Secretary of Commerce Henry A. Wallace put it this way this morning:

"The immediate purpose of any plan for control of atomic energy is to put an end to the possibility of a state of international hysteria and fear in which other negotiations will become so difficult as to be impossible."

The immediate purpose in Secretary Wallace's view is not to solve the whole problem of war but to avoid the possibility of a surprise war which could kill millions of persons in a night.

Those who continue to prepare for total war in an atomic world in the belief that this is the best security for peace were told by Dr. Norman H. Dawes of Carnegie Institute of Technology that all those who have so believed and acted have shortly found themselves in armed conflict.

"There is an alarming loss of faith for democratic living," he warned the Institute on World Control of Atomic Energy, "and the resultant mental and spiritual climate is not at all assuring to men of good will."

Hungry, desperate, undernourished human beings will fail to comprehend the issues at stake or take those measures for the control of atomic power in which alone there is world security, Dr. Dawes declared.

The power of the nucleus must be used, Dr. Philip Morrison, atomic physicist of Los Alamos, New Mexico, and Cornell University, declared, "to change not only the forces with which we deal but the relations among men themselves."

Secretary Wallace told the institute that "the people cry for new and revolutionary measures to control new and revolutionary dangers," and that "there has been criticism of statesmen and diplomats for being too slow in buckling down to real work on these problems."

There is no doubt, Secretary Wallace continued, that there will be eventual revolutions in our industrial life. But he urged that we must not take a whole generation to realize and act upon the implications of this new age. Because, as he put it, "we simply can not afford to waste that much time."

Mother Accused Of Killing Babies Adjudged Insane

Ann Arbor, Mich., July 18 (AP)—Mrs. Victoria Walker 24-year-old mother charged with shooting to death her two children April 12, today was declared insane and ordered confined to the Ionia State hospital for criminally insane "until cured."

Circuit Judge James R. Ready Jr., announced his decision after hearing testimony from two psychiatrists who declared Mrs. Walker was mentally unbalanced and not competent to stand trial on first-degree murder charges.

Defense attorney Francis W. Schilling opposed the court's action and declared his client was of sufficiently sound mind to be tried immediately.

Dr. O. R. Yoder, Ypsilanti State mental hospital superintendent and Dr. Ralph M. Patterson of the University of Michigan neuropsychiatric institute said Mrs. Walker's mind was characterized by "compulsive acts, fears, phobias and pronounced suicidal tendencies."

She twice attempted suicide, once after she admitted shooting her two year old son and three year old daughter and once after confinement to the Ypsilanti State hospital.

Both psychiatrists agreed she might eventually be cured.

Federal Agencies To Help Michigan On Veterans Bonus

Lansing, July 18 (AP)—War and navy department assistance will be sought in preliminary planning for payment of the proposed \$270,000,000 Michigan veterans' bonus.

Col. Philip C. Pack, state office of veterans affairs director, said he will contact the federal agencies next week to work out a method of checking overseas service of World War II veterans. He added he was acting on the assumption that the voters will approve a bonus bond issue this fall and that the 1947 legislature must devise a system of paying it.

Pack outlined three alternatives: That the state set up its own checking bureau in Washington, that the U. S. department of labor's retraining and employment administration do the job, or that Michigan and Illinois, which plans a similar bonus, join in a two-state checking bureau.

Overseas service must be determined accurately, he said, because the bonus proposal provides \$10 per month for domestic and \$15 monthly for overseas service. Maximum grant to any individual is \$500.

Last Appeal Lost By Doomed Killer In Washington, D. C.

Washington, July 18 (AP)—Chief Justice Vinson of the U. S. supreme court denied a stay of execution today for Earl McFarland, closing the last avenue of appeal for the ex-marine sentenced to be electrocuted tomorrow for the rape-murder of a young government girl.

There was no discussion of the case in the new chief justice's decision—merely the formal denial.

Previously President Truman had turned down a clemency plea. The petition to Justice Vinson, to hold up the execution pending a sanity examination, was filed after the U. S. court of appeals decision turned down a similar plea yesterday.

The supreme court already had refused to review the case on its merits.

Domestication of cattle is said to have begun 10,000 year ago.

Father, 80, Shoots Son In Hollywood, Then Kills Himself

Hollywood, Calif., July 18 (AP)—Wilfred Buckland, Sr., 80, one of Hollywood's first art directors and his son, Wilfred, Jr. died today in what police described as a murder and suicide.

Det. Alt. E. W. Smith of the police homicide squad said a note left by the father declared: "I am taking Billy with me."

Robert Thomas, chauffeur for the pair, found them in a bedroom, the 26-year-old son dead from a bullet through the back of the head, apparently fired as he slept, the father gravely wounded from a shot in the temple. He died in an ambulance.

Equal Rights Bill Opposed By Women As Setback To Sex

Washington, July 18 (AP)—The senate, without a feminine member on its rolls, will vote tomorrow on whether to submit to the states a constitutional amendment guaranteeing women equal rights with men.

Women's groups and senators themselves differ on whether the proposed amendment would be a step forward or a setback for the sex.

Calling equal rights "a deceptive slogan," 11 women leaders joined in a statement calling for defeat of the amendment as a threat to all state legislation.

Signers of the statement included Mrs. Eleanor Roosevelt, former Secretary of Labor Frances Perkins, Carrie Chapman Catt, leader of the fight for women's suffrage; Dean Virginia Gildersleeve, of Barnard College, Columbia University.

## CLEMINSHAW TO CHECK VALUES

Appraisal Company Will Send Man Here Soon, Wilkins Says

The appraisal firm of J. M. Clemminshaw & Associates of Cleveland will send a representative to Delta county within the next few weeks to assist in correcting values on certain properties in the townships which have been disputed by the supervisors. County Clerk J. Theodore Ohlen has been advised by E. T. Wilkins, Clemminshaw representative.

The Clemminshaw company has completed an appraisal of the townships under a contract with the county board. Some supervisors expressed dissatisfaction with certain valuations found by the company appraisers and asked that a re-check be made this summer.

Wilkins letter in response to the county board's resolution is as follows:

"During the recent board of review sessions in Delta county, the J. M. Clemminshaw company had available in Delta county several competent men whose purpose it was to assist the supervisors in their support of values.

"Although the whereabouts of these men was known to the chairman of the county board of supervisors, we were approached by only one township.

"We were informed by the supervisor of this township that he had used our valuations as a guide only and that he had made many changes.

"We could not see how we could be expected to defend values not placed by us and declined to assist.

"However, I now understand the county has equalized by taking a percentage of our appraised value, also that the majority of your taxing units have accepted these values.

"With this knowledge we will be glad to send a representative

## Obituary

**WILLIAM CONSTANTINEAU**  
Funeral services for William Constantineau will be held this morning at eight o'clock at the Sacred Heart church of Schaffer, with the Rev. Fr. Roland Dion officiating. Burial will be made in the Schaffer cemetery.

**MRS. ANGELINE LENZI**  
Funeral services for Mrs. Angeline Lenzi will be held this morning at ten o'clock at St. Ann church, Rev. Alphonse Colnagard of Perkins will officiate at the rites and burial will be made in St. Ann cemetery.

**MRS. EMILY LACROSSE**  
Funeral services for Mrs. Emily LaCrosse were held yesterday morning at nine o'clock at St. Ann church, Rev. Fr. O'Neil D'Amour officiating and interment was made in St. Ann cemetery.

Pallbearers were five sons and a son-in-law of Mrs. LaCrosse. They are Edward, Jeff, Joseph, William, and Ernest LaCrosse and Edward Blomberg.

The music of the mass was sung by the St. Ann's senior choir. At the offertory Mrs. Tom Tossig sang "Jesu Salvatore" and at the close of the service Hubert Smith sang, "De Profundis".

Out of town friends and relatives who attended the service are Mr. and Mrs. Edward Blomberg, Mrs. George Hallada and daughters Leora and Joyce, and Mrs. John Shemsky, all of Crystal Falls; Mrs. John O'Donnell, Great Falls, Montana; John O'Donnell, Jr., and daughter, Marilyn, St. Paul; Mr. and Mrs. Henry Giroux, Nahma; and Mr. and Mrs. Alphonse Sangrev, Manistique.

Wool is the largest single factor in the Australian economy.

to Delta county within the next few weeks to assist in straightening all the properties in question. We will contact Mr. O. J. Thorsen upon arrival and receive our instructions from him."

## Honor Memory Of Clarence A. Clark

In a recent resolution adopted by the Board of Trustees of Pinecrest Sanatorium, the services of the late Clarence A. Clark of Gladstone to the people of this and neighboring counties were acknowledged in honor of his memory. The resolution was as follows:

WHEREAS it has pleased Almighty God to remove from among us our friend and associate, Mr. Clarence A. Clark, who has been connected with the Pinecrest Sanatorium since the time of its inception, and

WHEREAS in his passing the Sanatorium has sustained a distinct loss and the members of the Board of Trustees have been deprived of his valuable counsel and assistance in the administration of its affairs,

NOW, Therefore, Be It Resolved that it is the sense of the Trustees of the said Sanatorium that the passing of Mr. Clark has created a vacancy that will be difficult to fill; that the Trustees realize the loss that Mr. Clark's death must have brought to his family and friends, and

Be It Further Resolved that the members of the Board of Trustees do hereby record their sorrow and regret upon the passing of Mr. Clark and do extend to the members of his family their heartfelt sympathy in their great sorrow and affliction and assurance of the great respect in which his memory will be held and cherished by the members of the Board of Trustees.

## Railroad Veterans' Group Plans Dinner

First annual dinner of the Peninsula Division Veterans' association will be held July 23 at the Dells, it was announced yesterday by W. C. Upton, secretary. Dinner will be served at 7 o'clock.

There will be a program of entertainment and dancing after the dinner. Reservations should be made not later than tomorrow, and members may bring guests.

## Schedule Arrival Of 11 Ore Carriers

The arrival of 11 ore carriers at the C&NW docks in Escanaba have been scheduled to Tuesday, it was reported yesterday by Lee McMillan, dock agent. The schedule is as follows:

Last night, the Benson Ford; today, the H. W. Smith; Saturday, the Lackawanna and G. R. Fink; Sunday, Presque Isle and Shasta; Monday, Denmark, Durston and John Reiss; Tuesday, Hennepin and Smith Thompson.

## Woman Doctor Wins Stalin Prize For Physiology Work

Moscow (SS.)—The Stalin prize has been awarded to Dr. Maria Petrova, leading woman physiologist of the U. S. S. R. who was Pavlov's principal assistant.

During the war in besieged Leningrad, she continued researches upon conditioned reflexes in animals, although she suffered extreme hunger and cold and sometimes lacked bare necessities. Studying the effects of air raids and shelling upon the nervous system, she contributed to the understanding of the physiology of war neuroses.

Another leading research by Dr. Petrova proved the curative value of bromides for certain kinds of neuroses. Now over 70, Dr. Petrova is now studying how disorders of the nervous system stimulate cancer and the relation between the nervous system and old age.

## Production Of Ice Cream Is Halted By Theft At Hoyler's

Strikers who were presumably picketing the Hoyler Baking company plant, 607 Ludington street, most of the night were questioned yesterday by local police in connection with the theft of a part from an ice cream machine, the loss of which puts the freezer out of operation, sometime Wednesday night or early Thursday morning.

A heavy padlock on the rear door of the plant was smashed, apparently by the burglar, to gain entry. Nothing else was taken and the peculiar nature of the theft leads authorities to believe that the thief is someone familiar with ice cream machines and their operation. The part taken is of little value in itself.

Police records show that on the night before the burglary was committed the rear door of the plant was found unlocked by a patrolling officer about 11:30

o'clock. The Hoyler Baking company is one of three local plants strike-bound since Saturday, July 6, when employees and operators failed to reach an agreement about a substantial pay raise. The plants have been picketed since the beginning of the strike.

Meanwhile Hoyler Baking company proprietors are trying to secure a replacement part for their machine from the Chicago manufacturers.

## News From Men In The Service

At an unexpected meeting recently, five Escanaba boys, Richard Baldwin, Dorance Peterson, Jr., Melvin Crepeau, Vernon Morin, and Honore Gosselin, got together following church services. The boys are all taking their Marine boot training at Parris Island, S. C. They enlisted in the U. S. M. C. on June 13, and expect to be home on furlough in early September.

"Rented the first day" said Smith

Your hearing deficiency is *individually* yours—just like your fingerprints and your eyesight. It must be analyzed and corrected for you, and *you* alone!

The Acousticon Analytic Speech Testing is the new, infallible instrument of science that accurately reveals what your individual hearing deficiency is!

The Acousticon Selector mathematically calculates *what* correction and *how much* you need—and then actually shows which of the Acousticon "Hearing Lenses" will give it to you.

These vital tools in the field of corrective hearing will be demonstrated *here* by a qualified *expert*—an expert who is specially trained to handle them. As you watch and listen, you will understand the great help that this authority on deafness can give *you*. His years of experience—his skill—his knowledge of how to use and interpret these great new instruments can open the whole world of hearing to you again.

This is *scientific* fitting. No guess-work—no mere conversation. You see it done before your eyes—you *hear* the difference in your ears. This great new science was developed by Acousticon because an improperly fitted hearing instrument is worse than no instrument at all. Today, because of this superior Acousticon testing and fitting method, thousands of men and women are enjoying the pleasant, relaxed hearing *you* have always hoped for.

Attend this FREE clinic—come see and hear this new miracle in testing and fitting. No matter what make hearing aid you wear—no matter what your hearing problem is—no matter whether you wear a hearing aid or not—you are welcome to the new happiness and peace of mind this FREE clinic offers you.

No Other Hearing Aid in the World Offers

### 60 Days for Bribery

THE meager sentence of 60 days in the county jail that Judge Simpson of Jackson meted out to John O'Brien, retired Lansing police chief, who pleaded guilty to a charge of protecting illegal gambling in Lansing, may explain why gambling is so widespread in Michigan.

Here was a man whose responsibility it was to enforce the laws of Michigan in the capital city of the state. Instead of assuming that responsibility, he sold out to the gamblers, entered into a conspiracy with them and received \$5,600 from them in "protection" money.

When his disgraceful conduct was brought to light, he repaid the bribe money that he received, and because of that he escaped with a jail sentence of 60 days, about the same that a man would receive for a misdemeanor.

Apparently in defense of the light sentence that he meted out to O'Brien, Judge Simpson attacked the state's inconsistent position on gambling, which, as he pointed out, "on the one hand condemns gambling but on the other hand in a glorious blast of trumpets they legalize the biggest gambling betting institutions in the state, and that's horse racing."

Unquestionably, the state's attitude on gambling is inconsistent. The legalization of betting on horse racing is wrong and it does encourage the operation of other types of gambling, which are illegal under Michigan statutes.

That inconsistency, however, is no excuse for any man in law enforcement authority to abuse the responsibilities of his office and to sell out to the gamblers. Neither is it excuse for a judge to mitigate the sentence of a defendant brought before him on charges of being a traitor to the public, as O'Brien certainly was in this instance.

We cannot hope to drive out the evils of gambling if police chiefs who connive with gamblers are to escape with sentence of merely 60 days in the county jail. This is a very serious offense and the penalties should be consistent with the gravity of the crime.

### Grain for Beer

AMERICAN brewers have charged that grain shipped from the United States to foreign countries in the starvation relief program is being returned to this country in the form of alcoholic beverages. It is a serious charge and one that should be immediately investigated.

If it is true, the vigorous protests made by American brewers in the 30 per cent curtailment of grain for brewing purposes are entirely justified. The grain saved by reducing allotments to brewers is supposed to be used to feed starving people.

The famine situation abroad is still acute and all of the grain that can be spared in this country should be sent to the relief of the unfortunates of the war-torn lands. The answer to the accusation made by the American brewers is not to restore the 30 per cent grain allotment to the breweries but to see that all of the grains sent abroad, as well as the supplies available in the foreign lands, are actually used to feed the mouths of starving men, women and children.

The beer drought in America is painful, but it must be remembered that beer production now is as large as the prewar years, even though not sufficient to meet the increased demand. American beer drinkers don't want that extra glass of beer if they know that it may deprive some innocent child of his right to live. We're thirsty, but not quite that thirsty.

### Evidence Piles Up

THE evidence against Rep. May, chairman of the house military affairs committee, tending to show that he was closely linked with a war-born munitions industry that made tremendous war profits is piling up fast. The congressman has better get out from behind the cloak of congressional immunity and tell his story, if he has any reasonable defense for his actions.

His contention that he was merely doing his duty to his constituents and promoting the war effort is not a very plausible one and he had better have a stronger defense than that.

Testimony presented to the senate war investigating committee not only tends to show that Congressman May was closely allied with the midwest munitions firms in an official capacity and that he used his political influence to divert war business to those companies, but that he also may have been involved in a shakedown.

The Kentucky congressman has been extremely reluctant to appear voluntarily before the committee and explain his action. The alternative, of course, is to force his appearance before the committee and to require his submission to close examination.

The public is entitled to know more about how Rep. May "furthered the war effort."

### Buyers' Strikes or OPA?

ALTHOUGH the CIO-sponsored meat buying strike has not gained any appreciable momentum in Michigan, there are definite indications of uneasiness over increased living costs. The consumers apparently are not going to take the rising prices without protest.

Nevertheless, William Green, president of the American Federation of Labor, who provided some good advice to workers only a week ago in urging them to produce to the limits of their capacity and to use restraint in meeting the rising costs of living, came forth with some additional wise counsel at Detroit Wednesday. Green cautioned against buyers' strikes as "unwise at this time."

The AFL labor dealer did not say that buyers' strikes may not be justified at a later date. He was referring primarily to the fact that the final form of national price control has not yet been decided and that action taken now in the way of buyers' strikes may be premature.

The sharp jump in the price of meats and dairy products since June 30 when OPA controls were suspended shows the necessity for maintaining some type of controls over these essential food commodities. There obviously is no possibility of retaining any workable price control law that exempts meats and dairy products.

The alternative is a buyers' strike of gigantic proportions?

### Other Editorial Comments

#### COUNTY FORESTS (Milwaukee Journal)

Atty. Gen. Martin has ruled that a county has no authority to appropriate forestry funds to townships as a sort of recompense for the county's own action in selling its forests.

The circumstances presented to him came from Douglas county and were peculiar and disturbing.

In 1944 the Douglas county board sold nearly 32,000 acres of its county forest to the Mosinee Paper Co. for \$75,000. The forest had been entered under the state forestry crop act. Under that law the state pays up to 10c an acre in lieu of taxes. It collects a severance tax when the forest produces revenue. Additionally, it appropriates forestry aid money.

When the Douglas county board sold its 32,000-acre forest, which had been largely paid for out of state and federal funds, the Wisconsin conservation commission withdrew some \$12,000 of annual forestry crop aid money that had been going to four townships. Then the townships asked the county to make up the lost funds.

Here is one more angle on that Douglas county deal. Counties should not sell their forests. The Douglas county board did it, overriding objections by its land and conservation committee. It sold without making an appraisal of land and timber. It included in the sale one of the finest pine plantations in the nation, created by CCC boys under the expenditure of federal funds.

When the counties acquire a forest, and enter it under the forest crop act, they presumably are going to hold it for the benefit of the public.

Douglas county, in a sense, tossed away 32,000 acres, ignored the spirit of the forest crop act, yielded probable future public benefits to a private enterprise. The conservation commission was right when it withdrew much of the state aid that had been going to the townships. We are glad to see the withdrawal still.

#### THE BASEBALL CAPITAL (Christian Science Monitor)

After 28 years of patient waiting, Boston this season is the baseball capital of America. Not since distant 1918, when a Red Sox team of an almost forgotten era won the American League pennant and, later, the World Series, has the home of the bean and the cod seen such enthusiasm.

The 1946 Red Sox, backed by sportsman Tom Yawkey's millions, have now reached a peak under Manager Joe Cronin which somehow always escaped them in prewar years. "The team of the year," critics call them.

It was fitting, therefore, that the 1946 All-Star Game should be played at Fenway Park, the home of the Red Sox. It was fitting, also, that 34,906, a capacity crowd, should pay a record \$111,338.75 to see it and that Ted Williams of the Red Sox should be the outstanding figure with his four hits, including two home runs.

But still one more thrill remains for Hub fans. They are confident it will come in October with the Red Sox carrying their power and pitching into the World Series.

### Take My Word For it . . . Frank Colby

#### READERS' CORNER

Q. My dictionary does not contain the word "chypre." It's a perfume, isn't it?—H. A. C.

A. Yes. The word chypre is from Chypre, the French form of the name Cyprus (island). Chypre is pronounced: SHEE-pruh, the second syllable vanishing softly, almost as a whisper.

Q. A writer speaks of the "elementary rudiments" of singing. Isn't that redundant?—M.

A. Yes. Either "elements of singing" or "rudiments of singing" would be sufficient. The meaning is the same.

Q. What is the correct salutation when a business letter is addressed to a man and called to the attention of a woman? For example:

Mr. John Doe  
County Engineer  
Attention, Mrs. Mary Jones.

A. The correct salutation is "Dear Sir." Since the letter is addressed to John Doe, the "Attention, Mrs. Mary Jones" is merely a suggestion that he call Mrs. Jones's attention to the letter, or refer it to her for answering. In the case of a letter addressed to a company, for the attention of

## World Events Analyzed

BY MARQUIS CHILDS

Washington — The Nazis' chief objective in 1939 and 1940 was to keep Franklin D. Roosevelt from a third term in the White House. In discussing ways and means of needling political propaganda into the United States, Nazi Foreign Minister Joachim von Ribbentrop explained to subordinates that it was essential to defeat Roosevelt because he, more than any other American, was capable of making "sweeping political decisions."

The story of German intervention in the political campaign of 1940 was recently uncovered in the searching investigation conducted in Germany by Assistant Attorney General O. John Rogge for the department of justice. His report, which will be turned over to Attorney General Tom C. Clark, should be made public. It contains names and connections hitherto undisclosed.

One of the Americans who conferred with Hermann Goering and other Nazis on ways to defeat Roosevelt was the late William Rhodes Davis, oil man whose international intrigues make fiction look pale. Why was Davis, a man of capacity and daring, willing to lend himself to the Nazis' schemes? In my opinion, the explanation lies in his background. Briefly, here it is.

#### —AMBITION FOR POWER—

Beginning as a train butcher in his native Alabama, Davis, after a series of lightning adventures, became an independent oil operator. He had a driving ambition for power and money. Soon he clashed with the big oil companies.

The big fellows regarded him as an upstart and even a crook. In his turn, Davis became convinced that he was a victim of monopolies. He could tell story after story of how he had been doublecrossed in his dealings with the big companies.

This was a very real feeling with Davis. I believe it spurred him on to deal with Goering and other top Nazis. Those deals began when the First National Bank of Boston allowed Davis to use blocked marks, which the bank had in a German account, to help build a refinery at Hamburg.

That refinery, known as Eurotank, became the cornerstone of a world oil system which Davis nearly succeeded in putting together. He got financial support in England. He got certain guaranteed markets in Europe, including Germany. He was able to lease tankers. He had valuable oil properties in Mexico. In other words, he had most of the essentials of a big combine that could compete with the top two or three international corporations.

In 1936, as success seemed within his grasp, he "made available," to use his phrase, \$291,286 to an associate who was directed to spend most of it on the Democratic party for the reelection of Roosevelt and "certain senators" that year. As a result of a talk with Roosevelt, Davis believed the President would help him to put over a three-corner barter deal between Germany, Mexico and the United States involving surplus American cotton.

But when Davis tried to collect on his political investment, he found himself balked. No favors were forthcoming from the White House. Again Davis believed he had been sold out.

Not long afterward, the world oil edifice that Davis had begun to build was smashed by the power of the big combines. It is a story far too complicated to tell here. Involved were certain British companies that went down to ruin, with some of the details of the struggle told in the financial columns of London Times.

From this point on, Davis drew ever closer to the Nazis. He worked in close collaboration with Goering's No. 1 man in the western hemisphere, Joachim Hertslet, Hertslet, who at 26 looked like a Hollywood version of a Nazi agent, worked with Davis in engineering the deals that made it possible for the Nazis to get oil out of Mexico.

When I saw Davis in the blue-and-gold presidential suite of the Hotel Reforma in Mexico City in 1938, he still talked of the far-reaching international trade he was directing. While he talked, telephone calls came from London, Hamburg and Washington.

In reality he was a ruined man, intruding with the evil force of Nazism out of the bitterness of his resentment and frustration. And always he and his associates talked of how much more oil the Germans had got, in the years of preparation for conquest, from the big British and American combines than they got from Davis.

The Atlantic charter promised "to further the enjoyment by all states, great or small, victor or vanquished, of access, on equal terms, to the trade and raw materials of the world which are needed for their economic prosperity." Those were noble words. Lived up to, they could mean an end to the piratical rivalries that spell war.

a woman, use "Dear Sirs" or "Gentlemen." Q. Our argument is about the word ghetto. Is the "g" like "j," or hard as in "get, go"?—B. W.

A. All English words beginning with gh—have th hard "g" as in ghastly, ghost, gherkin, ghetto. Ghetto is an Italian word which originally meant that part of a city in which Jews were forced to live.

Q. An item, telling of the award of \$5000 to a cartoonist, states, "He was named peer by his contemporaries." That's wrong, isn't it?—E. R. N.

A. Yes. A peer is an equal, not a superior. Peer is from the Old French peer, from the Latin par, "equal; like or equal to another thing or person."

You'll want my list of the 100 English words most frequently mispronounced, a must for speech teachers and students, broadcasters, ministers, toastmasters, and other public speakers. It contains many a surprise. For a free copy, send a stamped, self-addressed envelope to Frank Colby, in care of this paper.

## A Note From Minnesota

### Good Morning!

By The Bugler

VISITOR IN SWEDEN—From Eskilstuna, Sweden, comes greetings from August Ahlin of Bark River, who is visiting there in this first postwar summer.

"It is very beautiful here, just like a picture in a book," Mr. Ahlin writes. "The weather is fine and quite warm, and there are 22 hours of daylight in the middle of the summer. While there is no shortage of food, everything is high. Although pay is very good there is not enough labor to be had."

Mr. Ahlin is one of a dozen or more persons from Delta county who have returned to Sweden (some for the first time in many years) on vacation trips and to visit relatives and friends. It will be reassuring to persons with relatives in Sweden to know that conditions there are good. Sweden was not damaged by the recent war, preserved a precarious neutrality.

SEVERAL OTHERS — Among the other Delta county folks now in Sweden to visit relatives are Mrs. Hannah Carlson of 1103 Stephenson avenue, who is visiting her 93-year-old mother; and Mrs. Anna Johnson of 201 South 16th street, whose mother is 85, and whom she has not seen in many years.

Mrs. Ed Sutherland of Escanaba, Rt. 1, Mrs. Eric Stoneclift of 1114 North 18th street, and Dr. E. Birge Johnson of Escanaba, are also in Sweden visiting relatives this summer. It has been 30 years or more since they visited there. Mr. and Mrs. Stone Anderson of Rapid River left for Sweden in June, as did Gunnard Wickman of 1228 Superior avenue. Gladstone, who is visiting his 90-year-old mother and other relatives. This will be the first time he has been "home" to Sweden in 40 years.

ON KATE'S BAY — Following the recent publication of a piece by Walter Hornstein of Garden, giving information on the background for the naming of Kate's Bay, Mrs. Estella Bergeson of Ensign Rt. 1 writes to corroborate Hornstein's story. Kate's Bay is located two miles north of Garden on the Garden Peninsula and was named for an Indian woman—Kate Van Auker—who was the first settler there.

"My father, John Sexton, as well as other oldtimers have told me the same thing," Mrs. Bergeson writes. "Father said the bay was named for an Indian woman who used to camp on the beach."

It must have been the Bailey beach. There is the remains of an old chimney there still, but years ago I saw the log cabin.

"My father and Asel Yale Bailey were partners in fishing. They also trapped and bought furs from the Indians, but they were not partners in that, only traveled through the woods together for mutual protection. Mr. Bailey was a descendant of the same family that founded Yale college. I believe he has a granddaughter living in Escanaba."

"Mr. Bailey and my father owned Round Island and fished there one winter. Ferdinand Roberts, Jacob's father, did the cooking for the crew. He also made the oyster soup for the housewarming party at our new house in the fall of 1878. I remember

### INTO THE PAST

10 Years Ago—1936

A highlight of the Upper Peninsula American Legion convention now in progress here will be the visit today of Ray Murphy of Ida Grove, Iowa, national commander of the American Legion, who will be the first national commander to honor Escanaba by his presence.

Atty. William J. Miller was elected president of the Prosecuting Attorney's Association yesterday at the ninth annual conference of that organization at Topinabee.

Joseph Choquette, 84-year-old Garden pioneer, can lay claim probably to being the oldest man to buy and wear a pair of the latest creation in pants, namely shorts. Choquette walked into the Delorita store at Garden yesterday, looked over the assortment of shorts and picked one out as the ideal thing for a man to wear in this kind of weather.

J. H. Kittner, 1022 Tenth avenue south, dispatcher for the Chicago & North Western railroad, won fifth prize in a nation-wide telegraphers' penmanship contest which was conducted as a feature of the "Railroad Week."

20 Years Ago—1926

Mrs. Gust Bittner received a gash on the cheek and was quite badly shaken up when the car in which she was riding collided with an automobile driven by Earl Williams on M-35 near the city limits on the "S" curve, early last night.

Rev. Fr. J. Considine, who has been visiting here at the home of his parents, Mr. and Mrs. M. Considine, 1113 First avenue south, will leave Wednesday for Washington, D. C., where he has been a professor of scripture and Oriental languages at the Dominican House of Study.

Mr. and Mrs. H. J. Hoag are the parents of a son, born on Sunday at St. Francis hospital.

George Embs, Melvin Manthey, Stanley Jefferson, Oliver McKenzie and Max Peltin have left for Sturgeon Bay where they will pick cherries.

THE EARLY DAYS — Continuing her letter, Mrs. Bergeson writes:

"I was born on the Avery Dane place Nov. 23, 1873, which my father bought from them in March, 1866. There was an old house across the creek from it where the first school was taught in 1866—there is a story about that house too long to tell here. Father came here from Rome, N. Y., in May, 1856, and my mother, Mary Gates, from Rarrie, N. Y., in 1867.

"Indians used to camp on our beach, the last time in 1902. Pegleg and his family or his friends camped there. They sold baskets."

Mrs. Bergeson's interesting letter of early days in Delta county mentions the names of others who "know of these things," including Mrs. Mary Dotsch of Garden, who recently celebrated her 90th birthday.

OF THE FUTURE — Harking from the past to the present—and to the future—we will introduce R. Swackhamer of Wayne, Mich., who was introduced to us at Escanaba airport the other day by Fred Sensiba of the Pioneer Aviation corporation. Swackhamer is a representative of the Stinson company, airplane builders.

"If the future of America is in the air," observed Mr. Swackhamer seriously, "it will be necessary for Americans to place the airplane first on their list of things they purchase. Right now

### Q&A Service

By WS Bureau

What do you want to know? We will answer questions on any subject not involving extended research. Legal or medical advice cannot be given. Write your question clearly, sign your name and address, and (IMPORTANT) MAIL THIS COUPON and a 3-cent stamped, self-addressed envelope to the ESCANABA DAILY PRESS SERVICE BUREAU, 1217 Thirteenth St., Washington 5, D. C., for a personal reply. Don't telephone; write as directed.

Q. I am divorced from my husband and have been receiving a family allowance of \$42 per month for our child. I have learned that my former husband is to remarry soon; will the payments for our child be discontinued?

A. No, they will not be discontinued, but they will be reduced to \$30. When no payment is made to a wife, a child is entitled to receive \$42; with the addition of a wife the child is entitled to \$30 a month.

Q. If a serviceman is injured and disabled and discharged before he serves 90 days, is he entitled to any of the benefits under the G. I. Bill?

A. If his service was after Sept. 16, 1940, the restriction of 90 days does not apply if he was discharged for disability incurred in line of duty.

Q. What is an FCC monitoring station?

A. A station equipped to listen in, observe, and measure the operating frequencies of all classes of radio stations, to determine that they are operated on assigned channels, and that the character of service is in accordance with treaties, laws, and regulations. The Federal Communications Commission has seven such stations, located at: Atlanta, Baltimore, Boston, Grand Island, Nebr., Great Lakes, Ill., Portland, Ore., and San Pedro, California.

Q. I have read that the Four Kings represented in a regular deck of playing cards are Charlemagne, David, Caesar, and Alexander. Which is each according to the suits?

A. The King of Hearts is Charlemagne; Diamonds, Caesar; Clubs, Alexander; and Spades, David.

Q. Who refereed the heavyweight title bout between Joe Louis and Jim Braddock?

A. Tommy Braddock.

#### FAMOUS POEMS

A 24-page booklet of a selected group of 28 poems; also "NATIONAL ANTHEMS" giving the words of the national anthems of the world, now available. To get both copies, send this announcement with 10 cents to cover handling and mailing costs to Escanaba Daily Press Service Bureau, 1217 Thirteenth St., N. W., Washington, 5, D. C. Enclose your name and address clearly written.

It is a car, a house. In the future it must be a plane, a house. The airplane industry is now where the auto industry was thirty years ago. Then there were scores of firms making cars. Now it has dropped to six. Now there are many airplane manufacturers, but only a relatively few will survive in the year ahead. The automobile industry this year will probably reach its peak production in history. People will begin to place the airplane ahead of the car, and they will not buy both.

"Well," said Fred Sensiba sensibly, "they will have to make an airplane that you can land at your front door then."

—Clint Dunathan.

## The Washington Merry-Go-Round

BY DREW PEARSON

Washington—It might be a healthy thing if the Mead Committee investigated more of the E-awards handed down to manufacturing firms by the Army and Navy. Senator Mead's committee already has shown how wires were pulled by top officials to get an E for the Erie Basin war profiteers at the same time lesser army officials, who knew conditions first hand, were recommending against it.

Another fishy case occurred when the Navy gave an E to National Industries when it and its affiliate, Durham Manufacturing Corporation, were under indictment for war frauds. The company was actually being prosecuted by U. S. District Attorney Alex Campbell at Fort Wayne, Ind., when, right in the middle of the trial, the Navy came across with its E.

The trial had started in November, so the Navy knew all about the alleged war fraud when it gave the award on Dec. 17, 1945. Furthermore, the war was then over, and there was no need to give the company an incentive for further production.

However, someone in the Navy apparently pulled the wires, and the E award, coming at just the psychological moment, had a powerful effect on the jury.

—NAZIS' PRE-PEARL HARBOR TRAP—

For some weeks, certain senators have been skillfully pulling backstage wires to kill the Kilmore Committee which has been probing Nazi activities and their link with Americans. A brief and confidential peek at what's in the Nazi files now makes it quite clear why senators are secretly battling so hard to squelch Senator Kilgore's investigation.

U. S. Army and Justice Department officials have been extremely busy interviewing German officials, from Hermann Goering down, and the results are amazing. They show various high-up American leaders and businessmen to be either woefully naive or else deliberately playing into the hands of a dictatorship which had already started to conquer Europe and which was certain to be at war with us.

For instance, in Foreign Minister Ribbentrop's captured files was found this revealing memo regarding America Firster Charles Lindbergh: "It is better not to mention Lindbergh's name anymore. He's more useful to us if we keep his name out of the press—has he asked us to?"

—ANTI-ROOSEVELT PLOT—

Nazi officials have been quite frank in telling about their operations with Americans. Actually, a statement attributed to Goering, published two weeks ago, that he was ready to spend \$5,000,000 to defeat Roosevelt in 1940 was an understatement. What Goering really said, according to U. S. officials who interviewed him, was that he would gladly have spent \$150,000,000 to defeat Roosevelt if he could have been shown any good way to do it.

Another German, Dr. Heribert von Strempele of the German embassy in Washington, when asked what the Nazis had done in the way of propaganda, responded: "The biggest thing was when Goering's agent came to me with that plan to defeat Roosevelt."

This was the plan involving the late W. R. Davis, an independent oil operator, who had known Goering for some years, sold oil to the German navy, and who told the Germans he had four Americans he could use to defeat Roosevelt in 1940.

The only name on this list which Goering could remember was that of John L. Lewis. However, other German officials who had been in on the talks supplied the additional names—Senator Burton K. Wheeler of Montana, Jim Farley, and Herbert Hoover.

Obviously, none of the above had any German connections or probably any idea they were to be the tools of a potential enemy. However, some of them were careless, to say the least, in the way they played into German hands.

—WHEELER DEFENDS NAZI AGENT—

Senator Wheeler, for instance, held various secret conferences to defend George Sylvester Viereck when on trial for sedition, despite the fact that Viereck obviously was guilty. Wheeler also made a speech defending the late Senator Lundeen, after Lundeen was exposed for delivering speeches written for him by a German agent.

The ease with which intelligent Americans fell into the Nazi trap is, of course, something they want hushed up now. But the day may come when the same sort of danger faces the nation, and when the public should have an example before it of what goes on behind the scenes. That is why Senator Kilgore of West Virginia is pressing for his investigation.

That is also why those great friends of the Chicago Tribune—which also fell into the Nazi trap—Isolationist Republican Senators Curley Brooks of Illinois and Wherry of Nebraska, are trying to kill the Kilgore committee. Even Senator Scott Lucas of Illinois, a Democrat, apparently thinks twice about the Tribune and doesn't want to vote the committee any real cash.

Finally, GOP Senator Styles Bridges of New Hampshire, whose state is anything but isolationist, for some strange reason is trying to strangle the Kilgore investigation. Maybe it's because Bridges is a buddy of Senator Wheeler's.

Will all parents please be good sports and show this to Junior: The Agriculture Department says the soap shortage will last for several more years.

Many a headache comes right off the bat.

</

## Deaths Decreasing In Polio Fight Survey Reveals

New York, July 13.—The death rate from infantile paralysis is on the down grade. This news, especially cheering now while cases throughout the nation are mounting, comes from Metropolitan Life Insurance company statistics covering one-to-14-year-old children insured by that company's industrial department.

The standardized death rate for 1945 was less than two per 100,000, whereas in 1911 it was over five per 100,000. During the 1916 epidemic it rose to 38.8 and in 1931, another big polio year, it was over six per 100,000.

Girls have benefited more than boys from the improvement in polio mortality among white children. From 1941 to 1945 the death rates for girls were on the average half those for boys.

The saving in lives has been greatest among children under five years. The peak of mortality now is at ages five to nine among white boys and 10 to 14 among white girls.

The improvement in the polio death rate is all the more significant because during the 35-year period physicians have increased their ability to diagnose the disease and a larger number of cases are being correctly reported.

## Hotel Guests Saved In Fire By Leather Lungs Of Ex-Marine

Mount Vernon, O., July 17 (AP)—A leather-lunged former Marine sergeant who spread an alarm without causing panic was credited by firemen tonight with preventing many casualties in an early morning hotel fire here that injured 10 persons.

As flames of unknown origin broke out in the five-story Curtis Hotel, night clerk Daniel Stokes, 21, dashed through smoke-filled corridors awakening the 30 guests.

"I used my best Marine lungs," he said.

Guests in all parts of the hotel said they heard the sergeant's call, "fire! take it easy, and take your time."

Many of them escaped by jumping out windows to lower elevations or sliding down improvised ropes of bed sheets.

Firemen said the blaze apparently started in the maids' quarters.

Vance Bartlett, an official of the Packard Hotel Co., which operates the Curtis, estimated damage at \$100,000. Flames were confined mostly to the top two floors.

All the injured were expected to recover.

Night clerk Stokes, who suffered hand burns during rescue efforts, was discharged from the Marine Corps in February, after being wounded.

## Russian Lieutenant Freed In Seattle Espionage Charge

Seattle, July 17 (AP)—Russian Naval Lieut. Nikolai G. Redin was freed today to return to his native land with his attractive wife and child, cleared by a federal court jury of espionage and conspiracy charges.

The 30-year-old former Soviet purchasing commission representative here "feels that the injustice of his arrest" has been removed by the verdict, his attorneys said after the jury of seven men and five women returned their decision this forenoon. The jury, out since 4:18 p. m. (CDT) yesterday, brought in its verdict at 11:14 p. m.

"Ladies and gentlemen of the jury and your honor, I'd like to thank you for this fair trial in these United States of America," the stocky, handsome young Russian said after the verdict was read.

## Coast Guard Base Has 2 New Fires After \$200,000 Loss

Rockland, Me., July 17 (AP)—Two new fires broke out tonight in the main administration barracks building at the Rockland Coast Guard base, scene of a \$200,000 blaze last Saturday.

One burned out a new infirmary at the northwest corner of the two and one-half-story, 200 by 50-foot wooden structure. There were no patients in the infirmary at the time.

Five hours earlier coast guardsmen extinguished a small fire in an adjacent room.

There was no estimate of tonight's loss available.

## Punch Board Racket Halted By Arrest Of Four At Manistique

What appears to be a slick and highly profitable punchboard racket was halted, at least temporarily, with the arrest Wednesday night at Manistique of two couples, former carnival show people, who almost but not quite got away with more than \$400 from proprietors of the Blue Roof cabins here and about \$130 from a Gladstone service station.

The four are Clarence Allen, 30, Irene Allen, 25, Thomas Henderson, 38, and Etta Henderson, 34. All pleaded guilty to a misdemeanor involving traffic in illegal game devices and were fined \$50 and costs by Justice of the Peace Henry Ranguette. They are being held in the county jail until a check-up of their fingerprints is made with federal and state authorities.

State police troopers, aided by the assistant police chief at Manistique, Elmer Anderson, arrested the four who were traveling in two large automobiles fully provided with extra license plates from Georgia, Texas and Mississippi.

According to reports, a member of the quartet sold two cash punchboards Wednesday afternoon to the Blue Roof cabin operator who bought them reluctantly and made only a small down payment on them with the understanding that the balance would be collected in a few weeks only if the boxes "paid off."

Wednesday night a couple dropped in at the cabins and after making a few small purchases as casually as tourists do, began playing the punchboard which pays off in some instances as much as 20 to 1 in cash on the amounts wagered. The woman who played the board first bet small sums, taking several small losses. Eventually the woman won \$100 on the 20 to 1 wager of \$5. After taking a few losses on larger wagers, she scored on a \$20 bet with the same odds.

The couple were off in a flash with their \$400 winnings before the bewildered and suspicious proprietor even got a good look at the license number of their automobile.

State police officers were notified and the four involved were apprehended at Manistique.

Mrs. Henderson said that she and her husband and infant daughter were headed for their home in Paris, Texas. Henderson is tubercular and appears to be seriously ill. He told police officers that he was accustomed to taking five grains of morphine four times

daily and doctors were twice called to attend him yesterday.

A Harris merchant who is reported to have purchased several boards threatened to call sheriff's officers when a "lucky" winner tried to collect \$200. Punchboards are apparently not supposed to be too profitable for anyone but their owners.

The four arrested had over \$1100 in cash in their possession. They made restitution for the amount "won" at the Blue Roof cabins and for the \$130 they "took" the Gladstone man for.

## Mediators Attempt To Avert Walkout On Illinois Central

Chicago, July 17 (AP)—Thomas E. Vickers of the National Mediation Board said today he had "made contacts" with representatives of the Illinois Central Railroad and of the Brotherhood of Railway Trainmen in an effort to avert a strike called for 10 a. m. Sunday.

Vickers said today's meetings produced no developments but that they would be continued tomorrow.

He said the railroad had invoked federal aid after the BRT called the strike to enforce grievance demands.

The Illinois Central operates 6,603 miles of track in 14 midwest and southern states between Chicago and the Gulf of Mexico. Some 5,000 employees would be affected by the strike.

Ordinarily in railroad disputes, under the railway labor act, strikes are postponed 30 or more days pending mediation.

## Taxicab Driver Is Robbed While Asleep

Edward Haberski, local taxicab driver who resides at the Peoples hotel, told police yesterday that his wallet containing \$14 in cash and a number of personal papers was stolen from his hotel room sometime Wednesday night while he was asleep.

The first European cannon fired stone balls.

## MANY NEVER SUSPECT CAUSE OF BACKACHES

This Old Treatment Often Brings Happy Relief

Many sufferers ignore nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 1 pint a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, a stimulant diuretic, used successfully by millions for over 40 years. Doan's gives happy relief and will help the 10 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

## WARM WEATHER SPORTSWEAR

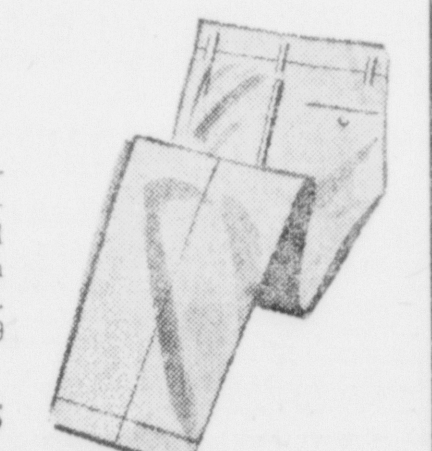

Be comfortable—and smartly dressed, too—in a new leisure coat. Handsome looking garments—in two tone combinations in brown and blue—Also solid shades. A good selection awaits you today.

**\$14.95 to \$22.95**

## GABARDINE SLACKS

Just received today—gabardine and twill slacks—in solid shades of brown, tan and blue. Plenty of style in these slacks—and cool, too. Pleated and zipper. Sizes 29 to 38.

## Gould City

Gould City, Mich.—Prosper Baker who has been quite ill for some time shows no improvement.

Loney Baker who has been visiting at the home of his brother Prosper Baker has returned to his home in Aloha, Mich.

Mrs. Catherine Fisher has as a guest her daughter Margaret of Detroit.

Mrs. Joseph Levielle's sisters of North Dakota, who have been visiting here the past week have returned home.

Mr. and Mrs. Ray Moore of Ferndale, Wash., have returned home after visiting Mr. Moore's aunt, Mrs. Nora Healy.

Wanda and Phyllis Levielle left for Detroit the latter part of last week.

Wayne Engle has been discharged from the service after serving two years.

Howard Repke of Detroit is visiting at the B. J. Lashy home.

The ball game between Curtis and Gould City was well attended. The score was 5-7 in favor of Gould City.

Mrs. Harry Salter, Sr. is on the sick list this week.

Mrs. Ella Judson and daughter Anabel were business callers in Newberry Monday.

Mrs. B. S. Wilson has undergone surgery at Ann Arbor, she was accompanied by her son Walter and Edna Day of Chicago.

Mr. and Mrs. Earl Robare were shoppers in Manistique Tuesday.

Mr. and Mrs. Elmer Blanchard are in Petoskey where Mrs. Blanchard has undergone surgery at the Little Traverse hospital.

Mr. and Mrs. Edmund Blanchard are in Petoskey visiting Mrs. Elmer Blanchard.

Mrs. Marcella Holt and Robert McMinn went to the Soo Saturday to be with their sister Mrs. Alice Ringer who underwent a major operation there Sunday.

The Rev. Father Wilfred Pellier of Garden was a caller in Gould City Tuesday.

Mr. and Mrs. E. N. Levielle were callers in Manistique Wednesday.

Ann Trembley, Phoebe Varnes, Carol Lashy and R. McGuire were callers in Newberry Wednesday.

Dr. Fred Wade and son Alfred of Howe, Ind., were in Gould City visiting friends last week.

**Bridal Shower**  
A bridal shower was given Tuesday night for Carol Lashy at the town hall. There were forty guests. The evening was spent playing progressive pedro. Prizes given to Mrs. E. McCallum with first prize and Mrs. Leola McNeil with second, after which a delicious lunch was served by hostess Frieda Ehn and Mrs. Edith Hicks. The bride to be received many nice and useful gifts. Out of town guests were Mrs. Ernest Derwin of Germfask, Mrs. Margaret Valher of Gulliver, Mrs. Leo Gonyon

## Garden Man Admits Theft Of Whisky; Fine Is Suspended

Ralph Ansell, 28, of Garden, pleaded guilty to the theft of six bottles of whiskey from the residence of Glen Hazen, Garden, on Wednesday night and was ordered yesterday by Justice of the Peace Henry Ranguette to make restitution and to pay court costs. A fine was suspended and Ansell was placed on probation for 30 days.

State police troopers from Manistique arrested Ansell yesterday.

The Netherlands lost 87,000 homes through bombings during the war.

## SIGLER COMES HERE JULY 24

### Republican Nominee For Governor On Upper Peninsula Tour

Kim Sigler, Republican nominee for governor, now on a tour of the Upper Peninsula, will be in Escanaba Wednesday evening, July 24, for an overnight stay, according to word received yesterday by Delta county friends of the candidate.

Whether a meeting or public reception for Sigler will be arranged was not announced yesterday, although it is believed that a Wednesday evening program will be held. Sigler has been making an informal trip through the Upper Peninsula that started Monday at Sault Ste. Marie and will include a visit to every county.

At the Sault Ste. Marie, former Gov. Chase S. Osborn at the latter's summer home on Duck Island in the lower St. Mary's river. Osborn has publicly announced his support of Sigler's candidacy.

Last night Sigler was guest of honor at a party dinner sponsored by the Ishpeming Rotary club at the Ishpeming winter sports club house. His appearance at the Rotary meeting was described as non-political. Sigler is a Rotarian and a former district governor of Rotary International.

From Ishpeming Sigler continued on to the Copper Country today and will go to Ironwood and other western Upper Peninsula communities before returning eastward. From Escanaba next Thursday he will go to Manistique and then to the Straits and Lower Michigan.

Little tots will love mealtime-interest sets consisting of place-mats, glass-tops, straws and paper napkins. Each mat displays well-known cartoon characters in full color with a verse inscribed in the corner, and there's one for each day in the week. Glass-tops are cut-out cartoon faces to be placed over junior's glass of milk, and sport a circular puncture to make the straw "just fit."

### Isabella

Isabella, Mich.—Mr. and Mrs. Perry McClinchy of Crandon, Wis. are vacationing at the McClinchy cabin.

Mrs. G. Gullickson returned from a weeks visit with relatives at Minneapolis.

Mr. and Mrs. Bill Elick and son of Iron Mountain visited at the home of Mrs. Karen Freytag recently.

Mr. and Mrs. Fred Labumbard with friends of Racine, Wis., called at the William Bonifas home.

Perry and Bill McClinchy left for the Soo on Monday and plan on fishing at the Manitoulin Island.

Mr. and Mrs. Hugh Fisher of Corrine visited at the G. Gullickson home here.

Mr. and Mrs. Art Larchide returned from the Canadian Soo where they spent their honeymoon and will make their home here.

Miss Gloria Bonifas who is in training at the Grant hospital in Chicago is spending her vacation at her parental home, Mr. and Mrs. Nick Bonifas.

Mrs. Isador Bonifas accompanied by Mrs. W. Erickson were Manistique callers Monday.

### Opposing Forces Move Nearer Civil Conflict In China

Nanking, July 17. (AP)—China's opposing armies were characterized today as moving closer to full scale civil war while General Marshall's peace negotiations remained tightly deadlocked in Nanking.

Gen. Chou En-lai, No. 2 Chinese Communist, listed government "aggressions" on four fronts, involving more than 1,000,000 government soldiers.

"Local conflicts are blossoming rapidly into civil war and there is no inclination on the part of the government to halt them," Chou told a press conference.

The central government's minister of information, Peng Hsuehpei, denied the charges, and countercharged that Communist armies are on the march toward the Yangtze from the north.

### Atrocity Revealed On German Island; Yanks Beaten, Shot

Washington, July 17 (AP)—Seven captured American airmen were beaten on a march through the streets of the German island of Borkum in the North Sea, then shot and killed by Nazi soldiers, the war department related today.

The story of the atrocity of Aug. 4, 1944, was told belatedly with identification of the fliers whose bomber was forced down on the island.

Five Germans were sentenced to hang, including Mayor Ackerman who was charged with inciting civilians to attack the prisoners, the Army said. Nine others drew prison sentences at the court martial in the American occupied zone of Germany.

### Ionosphere Storm Disturbs Reception

Washington—Warning that radio broadcasts from Europe next week will be disturbed with signals weak and fading is being issued this morning by the National Bureau of Standards. A moderate storm in the ionosphere July 15 through 18 is expected to disturb reception of broadcasts following North Atlantic paths.

Shortwave broadcasts come through more clearly during the day than at night. Although blackouts may occur at any time, signals are more likely to be disturbed by flutters and weak intensities during the night.

### Carney Child Is Fatally Burned

Roger Lee Erickson, two-year-old son of Mr. and Mrs. Carl Erickson, who reside on a farm three miles east of Carney, was fatally burned Tuesday shortly before noon in a fire that destroyed an automobile and garage at his parents' home.

Cause of the blaze was undetermined but it is believed to have been caused by a short-circuit in the automobile. The child was playing in the car at the time and was badly burned before he could be rescued from the blazing garage. He was alone at the time and details are lacking.

He was rushed to the office of Dr. A. R. Peterson at Daggett where examination showed he was suffering from 90 per cent burns and was then rushed to St. Joseph's hospital in the Menominee ambulance. The child died at 4:30 p. m. Tuesday.

### Britain Advanced First 300 Million On Loan From U. S.

Washington, July 17 (AP)—Secretary of the Treasury Snyder announced tonight that \$300,000,000 will be placed to the credit of Britain tomorrow as the first advance on the \$3,750,000,000 loan. The funds will come out of the treasury's cash balance of more than \$12,000,000,000 and will be made available to the British through the Federal Reserve Bank of New York. The British will draw drafts on the bank as they use the money.

Snyder told a press conference he saw no indications that British purchases would add to inflationary buying pressures in this country and added, "they're going to use credit cautiously."

He said Britain would buy food and heavy machinery. Questioned about a report from London that Britain plans to raise the value of the pound in terms of the dollar, the treasury secretary said he had not heard of such an intention. The treasury was notified in advance by Canada before that country raised the exchange value of her dollar.

There were only 100 dentists in the United States in 1820.

S. C. WILLIAM D. ELLIS, son of Mr. and Mrs. Gerrie Ellis, of Treenary, served temporarily aboard the USS Salt Lake City, a heavy cruiser which was one of the target ships in the first atomic bomb tests at Bikini atoll. Both stacks were destroyed and the radio mast of the Salt Lake City wilted by the bomb blast. Her paint was scorched and the superstructure bulkheads were dished in.

### Sixteen Lancaster Bombers Start On U. S. Good-Will Tour

Mitchell Field, N. Y., July 17 (AP)—Sixteen Lancaster bombers of the Royal Air Force landed on schedule at 3 p. m. (CDT) today to begin a 30-day goodwill tour of the United States under auspices of the Army Air Forces.

The giant four-engine craft, painted white on top side and black underneath, flew in from Gander Bay, Newfoundland. They left England last week.

The planes will fly in review over Manhattan at noon tomorrow.

The 207 officers and men of the crews will leave Saturday for Scott Field, Ill., second scheduled stop on the tour.

### McMillan

McMillan, Mich.—Mr. and Mrs. William Herrick and sons Jack, Scott and Tommy have returned to their home in East Lansing following a week's vacation at their cabin "Lucky 7" on the Tahquamenon river.

### Hooligan Charges Against U. S. Clerk Dropped In Moscow

Washington, July 17. (AP)—Russia has dropped charges of "hooliganism" against Waldo Ruess, 36, a clerk in the American embassy in Moscow, and has granted him permission to leave the country, the state department announced today.

Ruess left Moscow by plane today for the United States.

He had been charged with an unspecified type of "hooliganism" against a Soviet actress several months ago.

Two Michigan Local 4-H Club Leaders  
Win National Honors In Movie Contest

Mrs. Evelyn Heim

Mrs. Julia S. Ball

Michigan has the distinction of producing two national winners in the local club leader story-writing division of a 4-H movie talent contest conducted throughout the United States. They are Mrs. Evelyn Heim, of Traverse City, and Mrs. Julia S. Ball, of Sault Ste. Marie. In addition to being farm homemakers, both are school teachers. In recognition of winning national honors, each will receive a \$50.00 U. S. Savings Bond.

The movie, titled "Where the Road Turns Right," is designed to portray the ideals and objectives of 4-H Club work. Produced in cooperation with the U. S. Department of Agriculture, the State Extension Services and National 4-H Club News, it will be sponsored by the Sears-Roebuck Foundation, and will have national distribution.

Mrs. Heim, who lives on the family's 300-acre farm in Grand Traverse county, is the mother of a boy and a girl, both of whom are 4-H Club members. She has taught several years in a rural school, is a local grange lecturer,

and a member of the local school board and State Rural School Board Association. Mrs. Heim has written playlets for use in rural schools and radio scripts for the local grange. Her movie story, based on her own experience, was inspired from working and planning with boys and girls over a period of years, watching her own develop, and hoping that they might have a foundation to be splendid citizens. She has been a local 4-H Club leader for six years.

Mrs. Ball and her husband bought a 133-acre farm in Chippewa county, on which they reside with their son and a daughter who is a 4-H'er. Mrs. Ball is helping to pay for the farm by teaching in a one-room rural school. The farmstead is in a backward community and Mrs. Ball has been very active and successful in getting the residents interested in working together. She has been a local 4-H Club leader for 11 years. Mrs. Ball's inspiration for writing her 4-H movie story was her observations of progress in the community during the last few years.

Personal News

Marshall J. Blake, 508 South 19th street, and Robert Jensen, 1509 North 18th street, are leaving this morning for Chicago, where they will take a four months course in refrigeration at the Greer Vocational school.

Guests at the home of Mr. and Mrs. Bernard Schultz, 314 South Third street, have been Mrs. William C. Schultz and Mr. and Mrs. John Blossom and children, Fred and Pamela. They returned yesterday to their homes in Kalamazoo.

Mr. and Mrs. J. H. Lang have been visiting for six weeks with Mr. Lang's brother and his family, Mr. and Mrs. Joe Lang, 1207 North 16th street, and his nephew and wife, Dr. and Mrs. Vernon Lang, 625 South 16th street. They left yesterday to return to their home in Ontario, Calif.

Mrs. Herbert Scheriff and three children, Herbert, Tony and Mary Jo, 1020 Ninth avenue south, are spending the week end in Marinette. The boys will also visit in Stephenson.

Mrs. William O'Keefe and son Dennis, Box 450 are in Appleton, Wis., for several days.

## Personal News

Miss Dorothy Jaeger, who is employed in Chicago, is spending a two weeks vacation at the home of her parents, Mr. and Mrs. Richard Jaeger of Ford River.

Mrs. John T. Beck and sons, Tommy and Dicky, have returned to their home in Chicago following a five weeks visit at the home of Mr. and Mrs. Albin Rees, 409 South 14th street. Mrs. Beck is the former Ethel Rose.

Ella St. Thomas, 1512 North 23rd street, and Marion Zeno, 819 No. 18th street, who visited their family homes for a week and a half, have returned to Evanston, Ill.

Alice Mattson, 401 South 17th street, has returned from a vacation visit in Munising.

Mrs. R. H. Anderson, 227 North 10th street, left yesterday for Manitowish, Wis., called by the death of her brother-in-law.

Mr. and Mrs. B. L. Ribble have returned to their home in Los Angeles, Calif., after visiting Mr. and Mrs. Joseph F. Pryal, 1312 First avenue north, and Joseph Fish of Wells.

James Roberts of New York City, who was a guest at the R. W. Roberts home, 406 South Sixth street, has returned to his home.

Miss Janet Adams, 1002 Ludington street, has returned from the Snow Islands where she visited.

Mr. and Mrs. Victor LaSalle of Milwaukee are visiting at the George Bell home, 1600 Lake Shore Drive and at the Henry Nerbon home, 716 First avenue south.

Mr. and Mrs. Oliver Groleau and Mr. and Mrs. Henry Nerbon spent part of Tuesday in Iron Mountain. Mr. Groleau and Mr. Nerbon attended the meeting of the state officers of barbers from Detroit, held in Iron Mountain, and Mrs. Groleau and Mrs. Nerbon visited relatives.

Capt. Frank Greer of the United States regular army, stationed at Dover, New Jersey, returned last Wednesday after visiting for several days at the H. W. Boyle home in Bark River.

Mr. and Mrs. Lester Bortherton and two children of Dixon, Ill., are vacationing here and visiting relatives. They are formerly of Escanaba.

PFC Bill Needham, who spent a furlough of three weeks at his family home, 300 South 17th street, returned yesterday to Mayo General hospital, Galesburg, Ill.

Miss Bernice Finn, 617 South 16th street, who has been a surgical patient at St. Francis hospital, has returned home.

Mr. and Mrs. Clarence LaCrosse and daughters, Jackie and Jean, 1612 Seventh avenue north, have returned from Green Bay where they visited.

Miss Eileen Hamm, 301 North 11th street, is vacationing from Rockford, Ill., where she is a student nurse.

Marvin Johnson, who is a student at the School of National Chiropractic in Chicago, is arriving to visit at his family home, 924 South 10th street.

Ralph and Bob Spiro of Sheboygan, Wis., are visiting their relatives, Mr. and Mrs. Victor Glansant and family, 421 South Eighth street.

Mrs. Paul Kanthak and daughter, Miriam, of Harbor Beach, Mich., are visiting Mr. and Mrs. Paul Valdman, 211 South 15th street.

S. J. Lloyd Murphy, 1129 North 18th street, is on a 12-day leave from Great Lakes, Ill. He has just completed boot training.

**IS BRIDE**—Miss Eleanor Rose McGinnis, daughter of Mr. and Mrs. McGinnis, 910 First Avenue north, became the bride of Harold E. Bergquist, son of Mr. and Mrs. Henry Bergquist of Stephenon, at a July ceremony performed by Rev. John Anderson at the Evangelical Covenant church. (Ridings Photo.)

**WED RECENTLY**—Miss Doris E. Larson, daughter of Mr. and Mrs. Gustav Larson, Escanaba route one, became the bride of Harold E. Bergquist, son of Mr. and Mrs. Henry Bergquist of Stephenon, at a July ceremony performed by Rev. John Anderson at the Evangelical Covenant church. (Ridings Photo.)

**JULY BRIDE**—Miss Ruth Pascoe of Escanaba, daughter of the late Mr. and Mrs. William Pascoe of Hancock, became the bride of Grant K. Nygaard, son of Mr. and Mrs. Andrew Nygaard, 1405 First Avenue north, at a wedding performed by the Rev. James H. Bell at the First Presbyterian church. The couple will live in Escanaba. (Selkirk Photo.)

## Baptist Sunday Schools To Hold Outdoor Meeting

The Calvary Baptist Sunday school will hold a joint outdoor meeting with the Bethel Baptist Sunday school of Manistique on Sunday afternoon at the south side of Pioneer Trail park.

An interesting program has been arranged, with the Rev. Martin Erikson of Chicago, editor of "The Standard" as guest speaker.

A pot luck lunch will be served. Members and friends are invited to the meeting, at which time the Calvary Sunday school will present a trophy to the Bethel Sunday school of Manistique.

## Births

Mr. and Mrs. Joseph Pryal, Jr. of Detroit are the parents of a daughter, their second child, born July 12. The baby has been named Jean Marie. Mr. Pryal is the son of Mr. and Mrs. J. F. Pryal, Sr. of this city.

## Social - Club

The St. Ann Social Club will meet tonight in the parish hall after evening services. Following the meeting, cards will be played, with a prize awarded at each table.

**TO LIVE AT WILSON** — Miss Elizabeth Jane Miller, daughter of Mr. and Mrs. Frank Miller of Carney, became the bride of Stanley Wojakowski, son of Mr. and Mrs. Peter Wojakowski of Wilson, at a recent wedding which took place at Harris. The couple will reside in Wilson. (Selkirk Photo.)

F. B. Martin, Green Bay, division freight and passenger agent of the North Western railroad, was in Escanaba yesterday on business.

Mrs. John Komosa and two children, Antoinette and Joan, of St. Louis, Mo., are visiting at the home of her mother, Mrs. Andrew Ferrari, 328 South 15th street.

Mrs. Mayme Donahue and daughter, Evelyn, of Mount Pleasant were guests on Thursday at the J. A. Kenny home, 118 Second Avenue south. While here, they attended the Finlan-Morrison wedding.

Mr. and Mrs. Howard Kenny and daughters, Karen, Jane, and Kathleen, of Chicago, are visiting this week at the home of Mr. Kenny's parents, Mr. and Mrs. J. A. Kenny.

Norman Waldherr, who visited his aunt, Mrs. James Hurley, Bay View, for two weeks, has returned to Chicago.

COWELL BLDG. **MUNISING** PHONE 162**SIGLER LIKES ALGER TICKET****Tells Republican Party Candidates, Others, His Proposals**

Munising—Kim Sigler, Republican candidate for governor, meeting with Republican candidates for office and also Alger county Republican party committeemen, Wednesday evening at the Bench Inn, told those present that he wants to know every candidate on the ticket and wants each one to know him. He said he was very pleased with the candidates running for office in Alger county and is quite sure of their success.

He told the candidates the Republican party has the greatest opportunity in many years and should take advantage of it at this time.

Mr. Sigler said that when he's elected he aims to keep in touch with the people by his own appearance and not just show up when there's a campaign for election going on. "There is only one way to find out what's going on and that is to be out among the people themselves, and in constant touch with them," he said.

He proposes to use the airplane as a means of travel and also boost air travel, including improvement to airports and facilities.

Among his cleaning up duties will be that of the Michigan Liquor Control Commission and the state law enforcing agency, the State Police. In regards to the latter he said 90 per cent of the State Police are clean men, but he thinks there are those who are not living up to that standard. He said he proposes to make that department one that will be beyond suspicion, and that it should be the outstanding organization of the country. It should be built up with more personnel, he said.

He is also considering deeply the relationship of the Upper Peninsula with the Lower Peninsula. He is having a study made of the business transacted between the U. P. and Milwaukee and Chicago and looks to communications and business transactions as important between the upper and lower peninsulas. He will determine to arrive at a sensible proposition which will be of the greatest value to both peninsulas. Air travel will do both peninsulas good, he said.

Among other things mentioned as likely for the good of Michigan would be a direct hook-up by water of some of the cities, with foreign ports.

"These things can't be accomplished, however," he said, "unless the men in high office are willing to stick their necks out and get things done."

"A governor is needed with courage and ambition and it will take more than plain politics," he said.

He told the assemblage that "I make my own decisions and own statements. When I take the governor's office I plan to have the best men I can find about me for consultations, but I'm to make the final decisions."

He assured those present that when he steps into the governor's seat he will have no obligations to anyone or any machine, and will have been elected to office by the people themselves and will be ab-

solutely free to be responsible to the people only.

George Averill, of Birmingham, Mich., and Ken Templin of Lansing accompanied Mr. Sigler on his visit here.

**Bay View Fight Card Draws Crowd Of 100, Interest Runs High**

Munising—About a hundred fight fans were on hand to see the neighborhood kids scrap it out in the boxing ring at the Bay View ball park Wednesday night.

Besides the two scheduled "main bouts," preliminaries were presented when Little Sherman Nebel and Robert Courtier battled it out to a draw in a three round match. It was more or less a comedy, with wide eyed Sherman Nebel taking the falls, always laughing despite the dusty ring. "Officials" of the matches had to practically tear the gloves off the youthful fighters when the three rounds were up. Although tired, dusty and sweaty, they were bound and determined to make a good showing for the crowd.

Going into a little older set of scrappers, Chuckie Nebel put on the gloves against Bob Spencer. These two lads showed very promising fight material, although at times both were wide open for that famous one two punch, if the other were out for blood and wanted the glory of a knockout. It was noticed by the 'oldsters' at the ringside that in all the fights Wednesday night, the kids were slugging for the head, sending very few blows to the body.

Young Bob Spencer, after going three rounds with Chuckie Nebel, kept the gloves on and went another three rounds with Billy D.

In the main bout of the evening, Delbert Mercer, 11 years old stepped in the ring to scrap it out with 12 year old Nelvin Thunander. If there were judges and a decision young Mercer would probably have been adjudged the winner of four of the five rounds, if not all five. Doing mostly defensive fighting, he kept Thunander, about 20 pounds heavier than himself, dancing a jig around the ring. This tired out the white haired Thunander which he outwitted showed the fans by taking an eight to nine count rest in each of the last four rounds. In the second round he went down, from sheer exhaustion (or a good excuse for a rest) for the count of eight. The second round for the count of nine, the next for eight and the last round for nine. Thunander was out to finish the fight in a hurry in the fifth and last round by fast stepping aggressive action but Mercer was a little too sly, and sure of himself to let Thunander get any good punches in. They were both happy boys when the bell rang ending the fight.

Interest has really spread in the young lads ambitions to 'keep scrapping' and there were about as many adults as children watching the boys exchange blows. A long distance call from Ypsilanti from Sherman Nebel's grandmother, Mrs. Mae Nebel, asking how he made out, put more ego into their fighting spirit to know that someone had read the paper as far away as Ypsilanti, Mich., and had noticed they were going to fight that night.

Improvements in the fighting conditions were talked of at Wednesday night's fight by Robert Nebel, father of Sherman, and Coleman Gollinger. A canvass flooring is going to be installed if such is available. Paper mill matting was suggested and if that's to be had, it will improve the ring greatly. Seating is also a problem, and for the increased crowds benches would be a good addition. The ring is located in the corner of the field at present but will most likely be moved into the middle of the field for next Wednesday's fight, to afford everyone a good view. Sue Spencer, sponsor, announced Thursday afternoon.

**MUNISING BRIEFS**  
Warren Bucall, who has been visiting Jack Mattson for the past two weeks, has left for Minnesota where he will visit relatives and friends for a few days, and then will leave for his home in Los Angeles, Calif.

Mrs. H. L. Finkbeiner of Negawana, and Mrs. Ida Bell David of San Diego, Calif., visited friends in Munising Wednesday. Mrs. Finkbeiner was the former Miss Inez Thornton, and Mrs. David her sister Miss Ida Bell Thornton of this city.

Miss Molly Lou Shirey, daughter of Mr. and Mrs. Robert Shirey, is spending two weeks in Sault Ste. Marie, visiting friends.

Mrs. Dilett Spence of Escanaba is visiting Mr. and Mrs. Derald Casey over the week end. Howard Gattis, and daughter Patricia, left Wednesday for Houghton Lake, where they will visit a few days.

Mrs. Leo Ames, and Miss Ruth Hendrickson, have left for Milwaukee, where they will visit friends and relatives for an indefinite stay.

Bob Gattis has returned home, after visiting in Marinette, Wis. Claire Sandell returned Thursday, from a visit at Newberry.

Richard E. Williams has returned to his home in Cleveland, Ohio, after visiting Mr. and Mrs. V. P. Geffine, Grand Island.

Mr. and Mrs. M. L. Erlanson and daughter, who visited here, have returned to their Chicago home.

Try a For Rent Ad today.

**C. L. PETERS DIES SUDDENLY****Former Alger Prosecutor Stricken While At Picnic**

Munising, July 18—Clifford L. Peters, 44-year-old Republican candidate for prosecuting attorney of Alger county, died suddenly about 7 o'clock tonight while on a picnic with friends at Wolf Lake, East of Munising.

He had been ill for about two weeks.

Peters served one term as Alger county prosecutor several years ago. A graduate of the Munising high school and of the Detroit College of Law, Peters had practiced in Detroit and Marquette before returning to Munising in 1930. He was a 32nd Degree Mason.

His widow and one son, Mickey, who reside in Milwaukee, survive. The young lawyer is also survived by his mother, a resident of Onaway, two sisters, Mrs. John Pankrat, of Sundell, and Mrs. David Grimes, Forest Lake.

The body is being prepared for burial at the Beaulieu funeral home. Funeral arrangements are incomplete.

**First House Now Being Built At Cliffs Addition**

Munising—The first house to go up in the new Cliffs addition (named after the Cleveland Cliff's Iron Company) is that belonging to William Bauman, rural route carrier of the Munising post office. The house is being built on the corner of Birch and Jewel Streets.

A one story bungalow, it has been appraised at close to \$12,000. The lot measuring 50 by 128 feet, was purchased for \$850 from Paul Lanterman. When completed, the house will measure 34 by 44 1/2 feet and will have six rooms and bath.

Construction was started July 1 and is expected to be completed enough for occupancy about October 1.

William Bauman is married and has one child.

**Albert Oas Gives Weather Report For The Past Week**

Munising — The temperature reading at noon Thursday, July 18, was 86 degrees, according to Albert Oas, Munising weather observer.

High and low readings for the week past were reported as follows:

Day	Max.	Min.
Thursday, July 11	79	63
Friday, July 12	70	47
Saturday, July 13	84	43
Sunday, July 14	78	53
Monday, July 15	67	34
Tuesday, July 16	80	40
Wednesday, July 17	87	56

Mean temperature for the week period was 62.9.

**ANNS BIRTHDAY**

Munising — Miss Ann Shirey, daughter of Mr. and Mrs. Robert Shirey, celebrated her seventh birthday anniversary Thursday afternoon, by entertaining a group of young friends at her home at 709 W. Superior St.

The afternoon program started with games, in which each child took part. Lunch was served at 3:30 o'clock, which included a beautifully decorated birthday cake.

Ann's 12 guests were: Judy Anderson, Martha Jean Johnson, Janet Miller, Jean Casey, Nancy Casey, Judy Haynes, Elizabeth Dugas, Colin Johnson, Elaine Makey, Bernice Duffey, Patricia Burbe, and Royce Johnson.

**World Health Group Of UN To Survey Disease Fight**

Washington, July 15 (AP)—Half a dozen urgent health restoring and perhaps life saving tasks face the World Health Organization now being planned by the United Nations Health Assembly in New York.

Studies of the migrations of infantile paralysis and of fluctuations in the severity of polio epidemics need to be made.

Maps need to be made showing the amount in countries round the world of virus diseases, such as atypical pneumonia and infectious hepatitis, known to the layman as jaundice.

Diseases like diphtheria, dysentery and influenza should be routinely typed in as many centers as possible. The new influenza vaccine given protection against types A and B "flu virus, but health authorities need to know, before advising vaccination of a population, whether A, B, or some other type is starting up in epidemic form.

On tuberculosis, venereal diseases and disorders resulting from malnutrition, extensive information must be gathered so authorities will know the problems to be faced and overcome.

New surveys are needed of malaria.

These necessary postwar tasks for preventing epidemics in Europe are outlined by Knud Stowman, chief of UNRRA's epidemiological information service here.

Reading his report, it is clear that they are the sort of tasks the World Health Organization may be expected to take on, though Mr. Stowman does not himself make that suggestion.

When plans were drawn up for

## LAKES HARBOR JOBS OUTLINED

Allotment Of \$12,000  
Given For Manistique  
Improvements

Washington, (AP)—The Corps of Army Engineers, outlining its civil works program for the year ending June 30, 1947, said it plans to spend \$3,860,250 in Michigan for river and harbor work.

The amount is contained in the \$308,845,250 appropriated by congress for the entire nation. Michigan's projects include expenditure of \$1,611,250 on the St. Mary's River.

The rest of the amount to be spent in Michigan is for maintenance and operation, as follows:

Ontonagon harbor, \$26,000; Keweenaw Waterway, \$410,000; Presque Isle harbor, \$13,000; Marquette harbor, \$13,000; Grand Marais harbor of refuge, \$22,000; Manistique harbor, \$12,000; Menominee harbor and river, \$45,000; St. Joseph harbor, \$21,000; South Haven harbor, \$17,500; Holland harbor, \$12,000.

Grand Haven harbor and river, \$48,000; Muskegon harbor, \$16,000; Ludington harbor, \$25,000; Manistee harbor, \$22,000; Frankfort harbor, \$18,500; Leland harbor, \$12,000; Charlevoix harbor, \$7,000; St. Mary's river, \$120,000.

St. Clair river, \$60,000; channels in Lake St. Clair, \$23,000; Detroit river, \$66,000; Saginaw river, \$52,000; Black river, \$11,000; Rouge river, \$51,000; Monroe river, \$22,000.

The overall expenditures for the nation as a whole also cover flood control projects, but none of these is in Michigan.

### Germfask

Church Services  
Germfask, Mich.—Mass at St. Therese Catholic church Sunday July 21, 10:30 a. m.

Methodist church Sunday school Sunday July 21, 11:00 a. m.

Presbyterian Mission services at the South Germfask school Sunday July 21, 8 p. m.

By Rev. C. E. Morrison. Public cordially invited to attend.

Summer school is being held this week at the Methodist church for the children of the parish.

Milford Smith of Algona, Iowa, was a visitor at the Clyde Miller home last week end.

Mr. and Mrs. Thomas McKitchie of Petoskey called on old friends here Sunday. They were accompanied by Mr. and Mrs. Austin Diller, of Manistique.

Clarence C. Miller son of Mr. and Mrs. Clyde Miller, has rejoined the U. S. forces after a year of civilian life. He is now with his old company at Camp Campbell, Kentucky.

The Germfask ball team played at Engadine Sunday and won by a score of 6-1.

Mr. and Mrs. Frank Oaken and daughter Frances and Miss Agnes Hudson made a business trip to Manistique Monday.

The Community Club will meet at the home of Mrs. Shay on Thursday afternoon.

Mr. and Mrs. R. Heath and Mrs. J. Washell made a business trip to Manistique Monday.

Vacation School Closes

Sister Gertrude Eileen and Sister Norberta of St. Paul's Convent Negaunee conducted a two weeks vacation school for the children of St. Therese parish which closed Friday July 12.

Thirty-four children attended and a class of five: Michael, Elmer and Noah Brown, Martha Shamline and Joyce Lawrence, received their First Holy Communion at the mass Sunday morning.

A picnic arranged by ladies of the parish was held Friday afternoon at the "Wigwags."

Silver Wedding Anniversary

Friends of Mr. and Mrs. C. S. Johnson have arranged an informal open house reception in honor of their silver wedding anniversary, which will be held at the mess hall Sunday evening July 21, 7 to 10 p. m. The public is cordially invited to attend.

## Ape Man's Tooth Starts Polite Spat Among Scientists

By Science Service  
Philadelphia—Because Pithecanthropus IV, most recently found of the Java ape-man, found it easy to pick his front teeth, two leading American anthropologists are having a lively though friendly argument, conducted in the pages of the Journal of Physical Anthropology.

This skull is the only one of this ancient humanoid species that has its upper teeth in place. Between the outer front teeth and the eyeteeth there is a little space.

Dr. H. F. Ashley Montagu of the Hahnemann Medical College here regards this as an evolutionary link with the great apes, which have a noticeable gap in this position to accommodate the tip of the huge canine tooth jutting up from the lower jaw. In these apes this space is known technically as the diastema. Presence of absence of the diastema is one of the things used in classifying the animals and determining their names.

Dr. Franz Weidenreich of the American Museum of Natural History in New York disagrees. He says the space in the Pithecanthropus IV skull does not justify setting this specimen apart from other Java ape-men as a separate genus. Not all great apes have diastemas, anyway, he declares; female orang-utans lack them, though their mates have them.

Probably the only way this debate can be settled will be by going out to Java and digging up some more Pithecanthropus skulls. As soon as things settle down over there, this is likely to be done.

Lead crayons were used by the Aztecs in the time of Cortez.

Abraham Lincoln was the first bearded president.

THE STRAN-STEEL

## "Quonset 24"

All-steel, quickly erected, low in cost, the "Quonset 24" is a better building investment for your farm. Its amazing flexibility permits a free hand in planning for your particular needs.

The spacious, clear-span "Quonset 24" is 24 feet wide, and as long as you want it, in sections of 12 feet. The front of each section can be independently enclosed, left open, or equipped with a roller door; side panels may be solid, or fitted with walk-doors and windows as required. Scores of variations and combinations are possible—and it's an easy matter to install whatever partitions, insulation, wallboard and accessories are desired. If you

need more space later on, extra sections may be added simply and economically.

Built with Stran-Steel, the modern framing material that permits the outside sheet steel covering to be nailed directly to framing members, the "Quonset" is fire-safe and durable, free from sag and rot. No other building combines the accepted advantages of all-steel construction with ready adaptability to scores of uses.

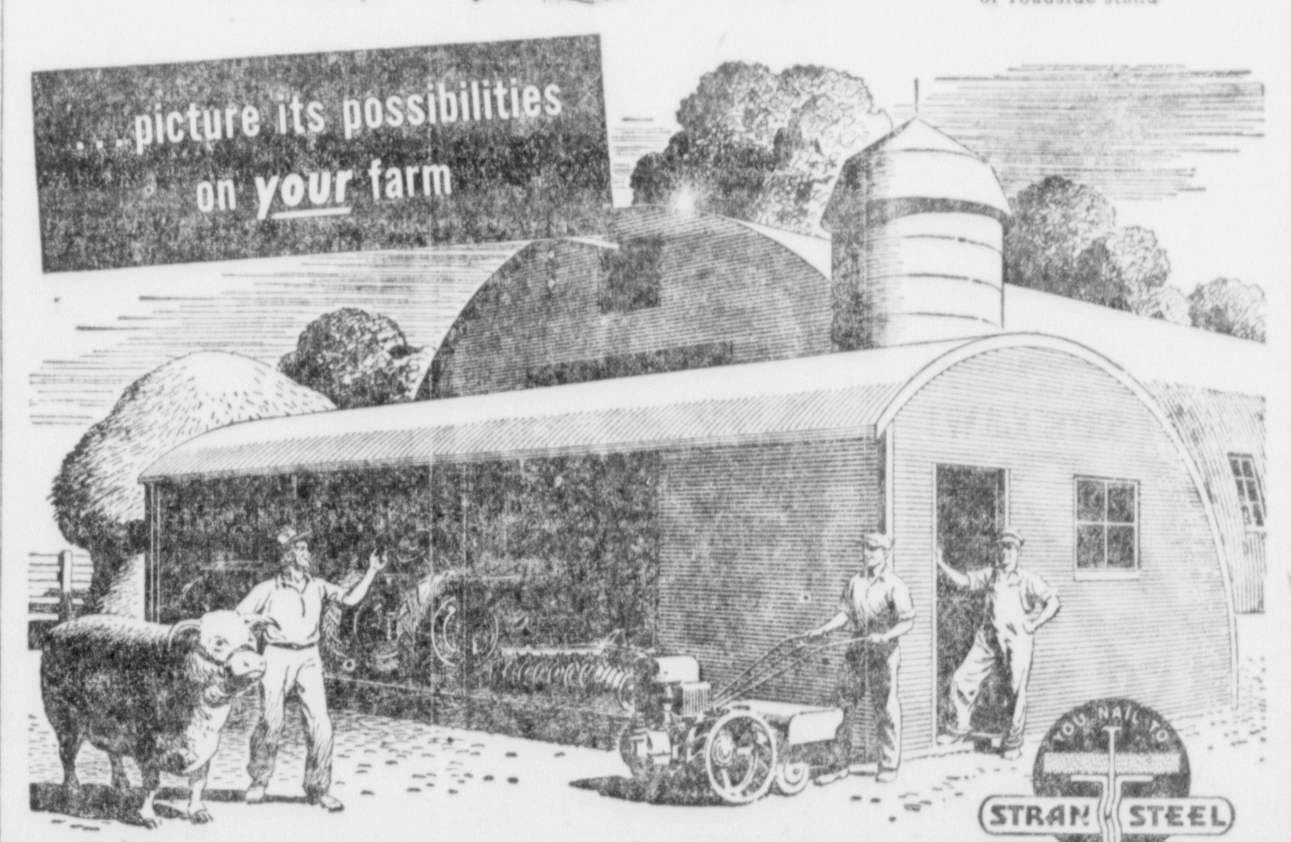

Ask us for further information—we'll be glad to show you how a "Quonset 24" will meet your plans.

"Quonset" buildings are products of Great Lakes Steel Corporation, a unit of National Steel Corporation

Here is a combined implement shed, with the end section enclosed and used as a workshop.

The "Quonset 24" with open front is ideal for vehicle shelter, loading barn or roadside stand.

ARRANGE RALLYState Official To Give  
Address Sunday At  
City Park

The Townsend clubs of Gladstone, Escanaba, Rapid River, Bark River and Manistique are sponsoring a rally to be held in the city park at Gladstone Sunday afternoon at 2 o'clock.

Speakers of the day will be George Woodson, Lansing, state organizer for the Townsend club. Woodson will be a guest of A. T. Rossow, district chairman, while here.

In the event of rain the rally will be held in the city hall.

Originally it was planned to have a district picnic at Pioneer Trail Park on that day.

## Cole-Schroeder

Miss Doris Cole, daughter of Mr. and Mrs. Clyde Cole, 519 South 10th street, city, and John Schroeder Jr., son of Mr. and Mrs. John Schroeder Sr., 626 South 17th street, Escanaba, were united in marriage at a double ring ceremony, performed by the Rev. Fr. George LaForest in the rectory of St. Ann Catholic church, on Saturday, July 6, at 10 o'clock.

The couple were attended by Miss Betty Packenham and Donald Miller, Escanaba.

For her wedding the bride wore an aqua street length dress trimmed with white eyelet embroidery and white accessories. Her corsage was of pale pink carnations, and she wore a single strand of pearls, a gift of the groom.

Miss Packenham wore a fuchsia street length dress with white accessories and a corsage of rose pink carnations.

The bride's mother was attired in a navy blue street length dress with pink accessories and the groom's mother chose a black street length dress. Both mothers had corsages of red roses.

A reception and dinner were held at the home of Mr. and Mrs. Hjalmer Wilson, sister and brother-in-law of the groom. The home was decorated for the occasion with delphiniums, peonies, orange

blooms and petunias. Pink and white candles and petunias decorated the serving table, centered by the all white 3 tiered wedding cake, trimmed with roses and topped by the traditional bride and groom. Fifty guests attended the reception and dinner.

For her going away outfit the bride chose a white print street length jersey dress with white accessories.

The couple spent a week's honeymoon on a motor trip to Green Bay and Chicago.

The bride attended the Gladstone high school and Sturgeon Bay high school and the groom graduated from Escanaba high school with the class of 1941.

He served for 3½ years in the Army Air Corps, 2½ of which were spent overseas.

Out-of-town guests were Mr. and Mrs. Frank Cole, city, and Mr. and Mrs. William Rice, Rapid River.

Legion Auxiliary Is Represented At Peninsula Confab

Mrs. Louis Hillewaert, Mrs. Nye Quisart and Mrs. Gus Lierman, delegates of the Auxiliary to August Mattson Post, American Legion, are attending the annual Legion convention which opened yesterday in Manistique.

MARRIED IN JUNE—Lt. and Mrs. Robert Willis, who were married June 29 at 7 p. m. at MacDill chapel, Tampa, Fla. The bride was given in marriage by her father, Arnold J. Meyer. Attendants were Mrs. Wm. Fawcett, matron of honor, and Lt. Wm. Fawcett, best man. Chaplain Gaynor performed the ceremony.

A reception was held after the ceremony. Out-of-town guests included the groom's parents, Mr. and Mrs. Rudolph Zadnik and Mrs. Elmer Beaudry of Gladstone.

The bride was the former Carol Jean Meyer of Tampa, Fla. She is a graduate of Brandon high school, Tampa, and later attended Tampa University. Lt. Zadnik, is a graduate of Gladstone high school. He has been in the Army Air force since 1941 and as a pilot of a B-17 flew 25 missions over Europe. (Wm. Carnes photo.)

Robert Willis At  
Bradley Institute

Robert Willis, son of Mrs. Lorraine Willis, 311 South Seventh street, has enrolled at Bradley Polytechnic Institute, Peoria, Ill.

He is being schooled under the federal assistance program for disabled veterans.

Bob spent 25 months in service. He received his boot training at Farragut, Idaho, and shortly after contracted rheumatic fever. He was hospitalized at Corona, Calif., and later based at San Diego, Nashville, Tenn., and New Orleans, where he was separated from service at the Algiers base.

He was a seaman first class at the time he received a medical discharge.

7 YOUTHS TO  
ATTEND MEET

Methodist Y. P. Institute  
Opens Saturday At  
Michigan

Seven youths of Memorial Methodist church are scheduled to attend the senior camp of the Young People's Institute of the Marquette district Methodist churches which will be held at Lake Michigan beginning tomorrow and continuing through Saturday, July 27.

The seven are Nancy Cole, Ruth Erfourth, Patsy Lou Miller, Carol Coven, Ruth Ann Miller, Lee Wilhelm and Mary Lou Ward.

The Rev. Miles DePogter, Detroit conference youth director, will be one of this year's institute leaders.

A junior and intermediate camp for Methodist youths from 5th to 9th grades will be held the week following the senior camp.

Lions Invite Rotes  
To Compete In Golf

Rotarians will be guests of the Lions in a service club golf match next Thursday afternoon at the Gladstone golf course.

Play will follow the regular Woman's Day matches and probably will begin about 4:30 o'clock.

At completion of the match, dinner will be served in the clubhouse.

PHONE 155  
DAILY PRESS BLDG.  
111 Cedar StreetTO STAGE 40&8  
PARADE HEREColorful Spectacle To  
Be Presented At  
Eight O'clock

Highlighted among the great array of spectacular events scheduled at the American Legion convention which went into high last night, is the big 40 & 8 parade to be staged at 10 o'clock tonight.

To tell just what the committee has to offer would be revealing a deep dark secret, because some of the things to be seen will be a part of the works that will be given the candidates. This much is promised—it will be colorful and full of hilarious fun.

The 40 and 8 is to the American Legion what the Shrine is to Masonry and is commonly termed "The Playground of the Legion." But while its fraternal activities are strictly designed for fun, there is a serious purpose underlying it all. Millions of dollars in benevolence—particularly for the benefit of handicapped children, have been spent by this organization in the years it has been in existence.

The big wreck of this organization will be held at the Knights of Columbus hall.

State Senator George Kirschbach, of Sault Ste. Marie, is Grand Chief de Gare of the Grand Vulture of Michigan.

Many Girl Scouts  
Leave Saturday For  
Camp Timber Trail

A large contingent of Manistique Girl Scouts are leaving Saturday for Timber Trail Camp for a two-weeks outing. In the group are Lorraine Edwards, Bonnie Larson, Clio Rae Johnson, Joan Terrian, Mary Louise Hall, Florida Radgens, Margaret Alice Mueller, Dorothy Jean Carlson, Barbara MacFarlane, Katherine Greene, Margaret Quick, Lois Williams and Lael Richards.

Today's Convention  
Schedule

10:00 a. m.—Opening Official Sessions, High school.  
11:30 a. m.—11 and 12 District meeting.  
12:00 Noon—Luncheon for State Officers, Hotel Ossa.  
2:00 p. m.—Convention committees.  
2:30 p. m.—Child welfare.  
7:30 p. m.—Rehabilitation Session.  
10:00 p. m.—40 & 8 Parade.

## A Proclamation

WHEREAS, Manistique is this week the host city for the 1946 convention of the Upper Peninsula Association of American Legion Auxiliary and

WHEREAS, the people of Manistique are desirous of cooperating to the fullest extent with the Manistique post of the American Legion Auxiliary and the Manistique Legion Auxiliary unit in making this convention a complete success.

NOW, THEREFORE, I, William A. Berger, Mayor of Manistique, by the authority in me vested, do hereby designate Saturday, July 20, as a holiday in the City of Manistique as a special gesture of cooperation to the American Legion Auxiliary and American Legion Auxiliary, and do urge our citizens to observe said holiday by suspending work and business as much as possible.

New Fish Boat  
Added Tuesday  
To Local Fleet

Added to the fishing fleet here this week is the forty-foot boat of Reuben Peterson, Pearl street. The boat was built at the Marinette boat works and was brought to Manistique Tuesday.

The name of the boat has not, as yet, been decided upon.

CITY WATER TO  
SPARKLE AGAIN

Red Color And Chlorine  
Odor To Be All But  
Eliminated

A noticeable improvement in the quality of Manistique city water in the very near future is assured by the city water department.

Not only will the strong impregnation of chlorine in the water be remedied, but the brownish color of it be lightened as well, Frank Voisine, city manager, states.

Due to a serious break in the gravity main, which carries water to the settlement basin, city water could not be obtained from its principle source, but had to be taken from a supply which under ordinary conditions would be far from satisfactory. This water was deeper in color and its likelihood of contamination was greater and for that reason the water had to be surcharged with a maximum quantity of chlorine to insure its safety for drinking purposes.

Naturally, it was very unsatisfactory, and many complaints were made about it. The best that could be said concerning it was that it was safe for domestic use.

The broken main has now been repaired and water from the intake above the city maintained dam at Riverside Park is now flowing through the city mains.

And now, to further improve the content of the city water, the main tank in the water tower will be thoroughly cleaned and the city water mains will be flushed.

While a trace of brownish color will always be present in local city water, says Mr. Voisine, it is reasonable to expect it to be much more clear and even have sparkle to it after the cleansing process is completed.

Television Aided  
Through Better Film

New York—Better television pictures will result from a new motion picture film which carries an emulsion to obtain more detail in both highlights and shadows of outdoor scenes.

The new film, a du Pont product, was demonstrated here July 15 in showing action pictures of the parade of the famous 42nd Infantry Combat Team in Washington just a few hours after it took place. The exposed film was flown here as soon as taken and televised over station WNBC.

To save processing time and demonstrate the flexibility of handling of news pictures over a television system, the new film will be used in negative form. A positive picture will appear on television screens. Since the picture is reversed as it passes through each stage of signal amplification in the television system, it is only necessary to have an odd number of amplification stages to end up with a positive picture on the screen.

The rutabaga is called a "Swede" in England.

## Briefly Told

**Sale**—The Travel Club of the Women's Benefit association will hold a bazaar and bake sale today in the Ford Garage beginning at 1 o'clock.

**Guest Speaker**—The Rev. Dr. P. O. Bersell, president of the Lutheran Augustana Synod of North America, will be the guest speaker at Zion Lutheran church Sunday, July 21, at 10:30 a. m.

**Choir Practice**—The Zion Lutheran junior and intermediate choirs will practice this evening at 7 o'clock in the church.

Mrs. D. Shipman  
Returns From Trip  
To Pacific N. W.

Mrs. Dorothy Shipman, city librarian, returned Tuesday from a vacation trip in the Pacific Northwest.

Chief among several interesting side trips taken by her was one on the Snake river, a trip that lasted two days through rugged mountain scenery.

She also visited Glacier and Yellowstone National Parks and the Black Hills.

New Pressure Suit  
For Airmen Ready

Washington.—A pressure suit that will support life in a vacuum and allow for complete mobility has been developed by the Army Air Forces for high-altitude, supersonic flight. The new suit will be available in two years, Brig. Gen. Malcolm C. Grow, air surgeon for the AAF and inventor of the famous flag suit used in World War II, predicted.

Gen. Grow said the new suit was designed to protect airmen from possible rupture of pressurized cabins at extremely high altitudes. He said that the ultimate development for safe escape from high speed planes at high altitudes would be a pressurized cabin or capsule that can be ejected with the person inside. This capsule would have its own parachute to break the speed of fall.

Tests have shown, he reported, that airmen can be forcibly ejected from a plane only up to a maximum speed of 450 miles per hour. After that, the human body cannot withstand the terrific pressure of the air.

LOCAL VIEWS  
JIBE WITH MW

Midwest Views Reflected  
In Gallup Poll  
Taken Here

Manistique may well be accepted as a cross section of political sentiment in Western States as revealed in opinions expressed recently in the Gallup Poll, Joseph Giovanni, local representative states.

In a recent statement the poll showed that in the states of Michigan, Ohio, Indiana and Illinois 56 per cent of the people interviewed favored the Republican party against 44 per cent favoring the Democratic party. In the 1944 election sentiment was evenly divided.

This trend is virtually the same ratio as shown in opinions taken at random in Manistique by Mr. Giovanni about three weeks ago. Fourteen local people were questioned in the poll.

## Social

## Woman's Missionary Society

A large group of members and guests of the Woman's Missionary society of the Zion Lutheran church attended the meeting held Wednesday evening in the church parlors.

During the business session a decision was made to contribute a substantial donation to the Lutheran World Action campaign now in progress within the congregation. With Mrs. Reque as program chairman, members of the Junior Missionary society presented a program of music and readings. Taking part of the program were: Anne Wygal, Elaine Larson, Nadine Reque and Marcella Miller. Elizabeth Ann Levander of Chicago gave a piano solo, and a talk was given by Rev. G. A. Herbert.

Out of town guests at the meeting were: Mrs. Edwina Levander and daughter, Elizabeth Ann, of Chicago; Mrs. Adrian Swanson, Sault Ste. Marie; Mrs. C. A. Wachter, Dearborn; and Miss Helgren of Seattle, Wash.

It Was Just An  
Answer To The  
Housing Shortage

Early risers strolling along South Cedar street Thursday morning blinked their eyes and wondered if the convention 40 & 8 initiation wasn't just a bit ahead of schedule. Coming down the street at a leisurely pace was a two-story house of about five or six room capacity and standing in bare feet on its roof were Bill Cripps and Ray Derosha, lifting Legion welcome banners as they came to them so as to give the structure clearance.

At the intersection of Walnut and Cedar a slight crash was heard and the truck driver stuck his head out of the cab to inquire, "Break one of the ropes?"

"Now," replied one of the barefooted ones, "Just knocked another brick off the chimney."

The house continued on its way to Arbutus and then turned west and when the end of that thoroughfare was reached, was set upon blocks prepared for it.

It wasn't any convention stunt, however, but just an answer to the current housing shortage. Steve Evonich purchased the structure recently and moved it from its location on Marquette avenue to its present site. He plans to make it into a strictly modern

Hostesses were: Mrs. Emil Nelson, Mrs. John Larson, Mrs. C. J. Jansen and Miss Helen Thorell.

## City Briefs

Cpl. Russell Williams, son of Mr. and Mrs. Fred Williams, who was home for 20 days, has returned to Eglin Field, Fla.

Mr. and Mrs. C. L. Milton and son, Lt. Thornton M. Milton, have returned to their home in St. Joseph after visiting here with Mrs. Milton's sister, Miss Mary K. Mitchell.

Miss Ruth Burns has returned to Northville, where she is employed, following a visit here with her parents, Mr. and Mrs. Walter Burns, North Third street.

Mr. and Mrs. Harry Erickson and son, Ralph, of Rogers City, have returned to their home after visiting here recently with relatives and friends.

Mr. and Mrs. Reed McGee and family of North Branch are visiting here with relatives for several days.

Mr. and Mrs. William Sheahan have returned to their home here following a visit in Iron Mountain. Mr. and Mrs. Harold LaChance and children of Chicago are visiting here with Mrs. LaChance's mother, Mrs. Emma McDonough. Mr. LaChance will return home Sunday, but Mrs. LaChance and children will remain for a longer visit.

## HOMER IN 8TH BEATS DETROIT

Washington Outfielder Coan Clouts Trout For Winning Tally

Washington, July 18 (AP)—Gil Coan, Washington's bullet-fast rookie outfielder, clouted a home run inside the park in the eighth inning tonight to give the Senators a 1-0 decision over the Detroit Tigers.

Coan, who travels faster than news on a nylon sale, smacked a high fly that rolled to the center-field fence. He whizzed around the bases so fast that the play at home was only a gesture.

Aside from Coan's hit, and running, there wasn't much of a choice between the fine pitching of Washington's Dutch Leonard and Detroit's Dizzy Trout.

Each gave up seven hits and both were airtight with men on base.

Washington, July 18 (AP)—Gil Coan, Washington's bullet-fast rookie outfielder, clouted a home run inside the park in the eighth inning tonight to give the Senators a 1-0 decision over the Detroit Tigers.

## Miss Wall To Face Sally Sessions In Golf Title Match

Detroit, July 18 (AP)—A ding-dong battle for the 1946 Michigan Women's golf championship shaped up for Friday as Mary Agnes Wall of Menominee and Sally Sessions of Muskegon won semifinal matches today.

Playing relaxed, competent golf, each disposed of her opponent on 2 and 1 counts.

The 36-hole match play final, to be played on the Detroit golf club course, will see the finalists tee off on even terms.

In today's match, Mrs. H. W. Bretzlauff of Detroit led Miss Sessions by two holes at the end of the first nine. Losing the 10th and 12th, Mrs. Bretzlauff evened the match. Her losing streak carried through the 13th and 14th, giving Miss Sessions a 2-up edge.

Dropping a 10-foot putt, Mrs. Bretzlauff took the sixteenth, but she three-putted on the 17th to lose the hole and the match.

Miss Wall and Betty Jane Courtright of Ann Arbor engaged in a see-saw battle in their bracket. All even at the end of the first nine, the match saw Miss Courtright take the lead on the tenth when her four beat Miss Wall's five. The Ann Arborite dropped the next two, however, to go one down.

It went to two down on the 15th when her second shot went into a trap and cost a stroke. She sank a 20-foot putt on the sixteenth, but Miss Wall matched it with a 19-footer which gave her the hole and finalist honors.

Miss Wall's play in the tournament so far was highlighted by a card of 73 Wednesday, the lowest score on record in women's competition in Michigan. She eliminated Margaret Russell of Birmingham's Oakland Hills, the 1938 champion, 7-5, at the same time.

Miss Sessions Wednesday eliminated Mrs. Don Weiss of Flint, four-time champion, 4-2, dropping only two holes.

YANKEES TAKE BROWNS, 3 TO 1

Two-Run Fourth Inning Homer Sews Up Game For New York

New York, July 18 (AP)—Joe Gordon blasted a two-run fourth inning homer tonight to pace the New York Yankees to a 3-1 victory over the St. Louis Browns.

Two-base hits—Greenberg, Mel Queen vent the route for the Yanks, limiting the Browns to eight hits.

Doubles by Aaron Robinson and Frankie Crosetti produced the Yanks' first score in the second inning off Southpaw Stan Ferenz who yielded all three New York scores in his five inning stretch.

Gordon's eighth homer followed a pass to Robinson to give Queen the working margin for his first victory since his discharge from the army.

Upper Peninsula—Pan fishing very good. Good catches of walleyes and northern pike reported from lakes near Watersmeet and Prickett Dam in Houghton county.

Trout fishing good, including trolling for lake trout in Lake Superior. Good catches of trout and bass reported on the St. Mary's river and rainbow trout are biting well in the Sault rapids.

Both of Chicago's runs came on home runs high into the left field screen by Frankie Hayes and Bob Kennedy, lead off batters in the fourth and sixth innings.

Chicago, 000 101 000—2 9 0 Boston, 000 001 000—3 9 0 Papish, Rigney (1) and Hayes; Harris, Klinger (7) and H. Wagner.

Only games scheduled.

AMERICAN LEAGUE Chicago at Boston—Haynes (3-6) vs Zuber (2-1)

Detroit at Washington (night)—Newhouse (17-3) vs Scarborough (5-3) or Hudson (7-6)

Cleveland at Philadelphia (night)—Harder (1-2) vs Savage (1-7)

Only games scheduled.

ST. JOSEPH WINS, 12-0

Courneene allowed only three hits as St. Joseph shut out the Dagenais boys, 12 to 0, in a game called after five innings. Poquette collected three triples for the winners. Batteries: St. Joseph, Courneene and Gagner; Dagenais, Belfry and Stoykovich.

Wednesday game: Lieunghs 10, K. of C. 8.

Monday game: Hawks 6, Lieunghs 6 (tie). (11 innings).

## CUBS DEFEATED BY GLADSTONE

Indians Nose Out Escanaba Youngsters, 8 To 7

The Gladstone Indians nipped the Escanaba Cubs, 8 to 7, in an exhibition game at the City diamond last night.

Each team had one big scoring inning, the Cubs garnering four runs in the second, while the Indians chalked up five in the fifth.

Tom Elegeert started on the mound for the Cubs and was relieved in the fifth after giving up five hits. He was charged with the defeat. Rademacher finished on the mound for the Escanaba team.

The summary follows:

Escanaba	AB	R	H	E

Slumping Dodgers Drop 6th Straight

Cincinnati, July 18 (AP)—Brooklyn's slumping Dodgers dropped their sixth straight and their eighth in nine western starts today, bowing to Cincinnati's Ed Houser, 4-2, in a loosely played contest.

Kirby Higbe, one of the top pitchers in the league, failed to last through the third inning when the Reds added three runs on three hits and an error to a first inning 1-0 advantage.

A walk to Bobby Adams, singles by Bert Haas, Ed Lukon and Eddie Miller sandwiched around a boot by Pee Wee Reese accounted for the three Cincy scores in the third.

Brooklyn 000 002 000—2 8 3 Cincinnati 103 000 000—4 9 1 Higbe, Herring (3), Lombardi (7) and Anderson, Edwards (7); Heuser and Mueller.

Pan Fishing Good In Upper Peninsula

Lansing, July 18. (AP)—Fishing prospects were reported generally good today in the state conservation department's weekly survey of angling conditions.

Upper Peninsula—Pan fishing very good. Good catches of walleyes and northern pike reported from lakes near Watersmeet and Prickett Dam in Houghton county.

Trout fishing good, including trolling for lake trout in Lake Superior. Good catches of trout and bass reported on the St. Mary's river and rainbow trout are biting well in the Sault rapids.

Both of Chicago's runs came on home runs high into the left field screen by Frankie Hayes and Bob Kennedy, lead off batters in the fourth and sixth innings.

Chicago, 000 101 000—2 9 0 Boston, 000 001 000—3 9 0 Papish, Rigney (1) and Hayes; Harris, Klinger (7) and H. Wagner.

Only games scheduled.

AMERICAN LEAGUE Chicago at Boston—Haynes (3-6) vs Zuber (2-1)

Detroit at Washington (night)—Newhouse (17-3) vs Scarborough (5-3) or Hudson (7-6)

Cleveland at Philadelphia (night)—Harder (1-2) vs Savage (1-7)

Only games scheduled.

ST. JOSEPH WINS, 12-0

Courneene allowed only three hits as St. Joseph shut out the Dagenais boys, 12 to 0, in a game called after five innings. Poquette collected three triples for the winners. Batteries: St. Joseph, Courneene and Gagner; Dagenais, Belfry and Stoykovich.

Wednesday game: Lieunghs 10, K. of C. 8.

Monday game: Hawks 6, Lieunghs 6 (tie). (11 innings).

## The Sports Parade

By Ken Gunderman

All is not peaches and cream for the U. P. All star football game scheduled at Negaunee August 17.

C. E. Forsythe, state high school athletic boss, who is reported to have blown a fuse when the all star proposition was first broached to him, is not sitting idly by while the plans for the event take shape.

Form letters are being mailed from Lansing to all U. P. high schools advising school men to toss in a monkey wrench whenever and wherever they can. It seems that Mr. Forsythe doesn't like the all-star promotion and definitely!

The matter was taken up at a meeting of the state athletic representative council recently and the council decided that inasmuch as the all star game concerned

99 QUALIFIED FOR TOURNEYS

Approximately Half Are Eligible For Escanaba Meeting

The number of softball teams qualified to participate in district tournaments probably will exceed 100, George Grenholm, president of the Upper Peninsula Softball association, revealed yesterday.

There are 99 teams whose entries in the U. P. association were received on or before the July 15 deadline. President Grenholm reported yesterday that additional teams who may have sent entries, along with entry fees, to their local association secretaries also will be qualified if the secretaries certify that the rosters and entry fees were in their hands on or before July 15.

Association fees are three dollars per team but this does not include entry fees for district tournaments. An additional fee of \$2 is required for the district tournament at Escanaba and it is expected that other district tournaments will assess a similar fee. Teams have until July 25 to enter the district tournament and to pay their tournament fee.

The Escanaba district tournament will be the largest in the peninsula, with 49 teams already qualified. Negaunee has 36 teams qualified for its tournament, Wakefield 12 and Hubbell 2.

If all of the qualified teams enter the district tournament, there will be a total of 26 eligible for the Upper Peninsula tournament at Iron Mountain. One team out of four will qualify for the championship tournament.

Names of all eligible teams will be announced in a day or two.

Trout fishing good, including trolling for lake trout in Lake Superior. Good catches of trout and bass reported on the St. Mary's river and rainbow trout are biting well in the Sault rapids.

Both of Chicago's runs came on home runs high into the left field screen by Frankie Hayes and Bob Kennedy, lead off batters in the fourth and sixth innings.

## JOHNNY BULLA GETS TOP CASH

Victory National Open Starts Today At Medinah Club

Chicago, July 18. (AP)—Towering Johnny Bulla of Chicago, fashioning a five-under-par 137, today was top money winner in a complicated 36-hole warm-up for the \$10,000 victory national open golf tournament which starts tomorrow at Medinah Country club.

Bulla, who today added a one-under-par 70 to his course record—matching 67 yesterday, failed to figure in any of the three preliminary championships—for pro-amateur, pro-lady and pro-senior titles—but as low professional, Johnny walked off with the top prize, a \$1,000 war bond.

The pro-amateur title went to an unheralded team, Jim Ferrier of San Francisco, who finished today with a sizzling 67, also equalling the course competitive record, and Simon pure Mike Stepanek of Hobart, Ind., with a 36-hole aggregate of 291.

The nation's leading money-winner, Ben Hogan, and Georgian Louise Suggs, winner of the recent women's western open, teamed to take the pro-lady crown with 301.

The pro-senior title went to Harold (Jug) McSpaden, who fired a 68 today for a 138 total, a stroke behind Bulla, and Arnold Minkley of Chicago with 301.

Each of the team conquests paid the pro \$400 in war bonds.

The low foursome with 617 included U. S. open champion Lloyd Magnus (144), Betty Hicks of Chicago (159), amateur Earl Stearns of Dallas, Tex., (149) and senior Art Sweet of Chicago (165).

Although Toledo's Frank Stranahan came here fresh from an impressive triumph in the Kansas City invitation, the top amateur was George Dawson of Glen Ellyn, Ill., with a 70-72-142, six strokes better than Stranahan.

Byron Nelson's heavily favored foursome, also including Stranahan, Betty Jameson of San Antonio, Tex., and senior Chick Evans of Chicago failed to place better than third in any of the three events. The Toledo sharp-shooter, himself, defending champion in the open proper, struggled over Medinah's par 71 No. 3 course for an unimpressive 74-75-149.

Big Second Inning For Indians Whips Athletics, 7 and 3

Philadelphia, July 18 (AP)—Cleveland got to Russ Christopher for five hits and six runs in the second inning and defeated the Philadelphia Athletics, 7 to 3, in the second game of the series today.

Hank Edwards opened the big inning with a triple and scored on Lou Boudreau's single. Boudreau went to third on Ken Keltner's single and after Heinz Becker fanned, the Indians' manager came home on Jim Hegan's safety. Les Weber then walked to fill the bases. George Case quickly unloaded them with a triple to right center, sending Christopher to the showers. Case scored when Jack Caulfield allowed Jack Conway's roller to go through his legs.

Cleveland, 005 000 001—7 8 2 Athletics, 001 110 000—3 8 2 Webber, Gremek (6) and Hegan; Christopher, Flores (2) and Rosar.

Speechless Zale Announces He Will Flatten Graziano

Pompton Lakes, N. J., July 18. (AP)—Tony Zale, the middleweight champion who is noted for being practically speechless around the fight business, created what amounted to a sensation in his training camp today by announcing loudly and firmly that he would flatten Rocky Graziano inside of six rounds in their title tussle next Thursday.

This amounted to a political oration from the quiet ex-steel mill hand from Gary, Ind., inasmuch as any time he has put together as many as three words at once in the past, the boys would want to know why he was monopolizing the conversation.

"Well, all I want to know is who did Graziano ever knock?" Zale inquired as he wound up a four-round workout which brought his training chores to 103 rounds since he set up camp here.

To Predict Weather By Watching Sun

Cambridge, Mass. — A worldwide chain of telescopic coronagraphs, permitting the antics of the sun to be watched at all times as if there were a perpetual eclipse, may result from the visit of Dr. Bernard Lyot to this country. The coronagraph is the invention of Dr. Lyot, famous French astronomer.

Such continuous eclipse observations will help considerably in making radio forecasts and in foretelling what will happen to the weather.

Starting at Harvard Observatory here, Dr. Lyot will visit all the large observatories in the United States and Canada, including the Climax, Colo., station at Harvard, 11,500 feet above sea level, where is located the only coronagraph in America. He will test seeing conditions at each of the observatories to compare with

conditions on the Pic du Midi, high mountain in southern France where he observed with his coronagraph throughout the war despite the German occupation.

Only games scheduled.

ST. JOSEPH WINS, 12-0

Courneene allowed only three hits as St. Joseph shut out the Dagenais boys, 12 to 0, in a game called after five innings. Poquette collected three triples for the winners. Batteries: St. Joseph, Courneene and Gagner; Dagenais, Belfry and Stoykovich.

Wednesday game: Lieunghs 10, K. of C. 8.

Monday game: Hawks 6, Lieunghs 6 (tie). (11 innings).

## BASEBALL

Cleveland	39	45	.464
St. Louis	37	48	.435
Chicago	33	50	.398
Philadelphia	25	57	.305

Chicago, July 18 (AP)—Big Bill Lee had a lot of help here today as he pitched the Boston Braves to a 9-3 victory over the Chicago Cubs in evening up the current series at a game apiece.

Big Bill was a six hit performer as he gained his No. 7 triumph of the season against his one-time associates.

The Braves shelled five Chicago pitchers for 13 hits, chasing starter Claude Passeau before anybody was out in the second.

Box score:

Regaining sole possession of the lead for the first time since May 21, the Cardinals virtually clinched the decision, their 12th in their last 15 games, with a four-run outburst in the fourth innin-

## DAIRY ROUNDUP TO BE AUG. 2

### Breeding Troubles Will Be Discussed By Farm Expert

Breeding troubles of dairy herds will be discussed by W. W. Snyder research assistant in dairying, Michigan State College, in the dairy program of Annual Farmers' Round-Up at Chatham, August 2. G. S. McIntyre, livestock specialist, explains that one of the major problems in many herds of the Upper Peninsula is that of breeding troubles. Mr. Snyder has had excellent experience in this subject since his work has been in research with the state artificial insemination association.

The dairy program will be held immediately after the general speaking program at Camp Shaw, Mr. McIntyre says. Visitors interested in dairying can see the herd on exhibit during the morning. No formal program will be held but Mr. McIntyre and Frank Stuer, herdsman, will be stationed in the dairy barn to answer any questions about the care, feeding and management of the herd. Cows will be arranged according to sire since that will be the easier way of studying the effects of the different herd sires as seen in their daughters.

Mr. McIntyre points out that the Chatham herd of registered Holsteins is unique in that it was started in 1912 with the purchase of six cows. Since that time no females have been added. Through production testing and selection it has been possible to increase production to where the herd record is more than 400 pounds of fat per year average. This record is made with the herd being handled as most farm herds are. Cows are milked twice daily and are fed pasture hay, grass silage, home grown grain and protein concentrate. Improved pasture has been one of the means of improving production during the summer.

Attention to disease control has been given with the dairy herd, Mr. McIntyre says. Annual tests for tuberculosis and Bangs' disease has placed the herd in the accredited column for a number of years. Regular tests for mastitis have also been carried out the past ten or more years. Outbreaks of this trouble have occurred in recent years, allowing control measures to be tried. The latest method is the use of penicillin under the direction of Dr. F. K. Hansen, deputy state veterinarian of Marquette, who has charge of the health of the herd. Some favorable results have been obtained with penicillin.

Fans have been in use throughout historic times.

The first broadcast of London's Big Ben was made in 1923.

### Mrs. F. Beck Hears Of Sister's Death

Mrs. F. O. Beck, 428 South 17th street, has received word of the death of her sister, Mrs. Conrad (Emma) Rodin, who died in Uppsala, Sweden on July 16, following a short illness.

Mrs. Rodin was well-known in Escanaba. A few years ago she came to this country and made her home with Mr. and Mrs. Beck for two years.

She is survived by her husband and two children. Besides her sister, Mrs. Beck, she also leaves two brothers and a sister, Mrs. Britta Jacobson, who reside in Sweden.

### Carpenter Admits He Shot His Wife In Family Quarrel

Columbus, Ind., July 17 (P) — Coroner Dr. Marvin R. Davis and Prosecutor Charlton J. Walker said today they have obtained a statement from George Ackenback Sr., 56-year-old carpenter, in which he admitted the fatal shooting of his wife, Bonnie Bell, 53, last night.

Ackenback was reported in a critical condition in the Bartholmew county hospital of wounds suffered in what Walker said was a suicide attempt after the shooting of Mrs. Ackenback.

The statement, the officials said, told of an argument between the couple over family matters. "I didn't intend to kill her—I only meant to wound her—I loved her too much to kill her," Ackenback was quoted as saying in the statement.

### Death Separates Georgia Couple, Wedded 78 Years

Marietta, Ga., July 17. (P)—Ninety-eight-year-old James Emerson Pratt died last night, thus ending a marriage which lasted for 78 years.

In 1944 a survey conducted by a flour company indicated that he and his wife had been married longer than any other living couple in the United States.

He is survived by his 94-year-old wife, 12 living children, 47 grandchildren, 44 great grandchildren and one great, great grandchild. Twenty-two of his grandchildren served in World War 2.

McPherson and Worthing  
In the Munising Presbyterian church July 14 Miss Dorothy Irene

Worthing became the bride of Kenneth J. McPherson. The bride is the daughter of Mr. and Mrs. James Worthing, Sr., and the groom is the son of Mr. and Mrs. Sheldon McPherson of Shingleton. Rev. John H. Hamel of Marquette officiated. Mrs. Peter Hamel played the wedding music. "Always" and the "Lord's Prayer" were sung by Miss Mary Hamel. Given away by her father the bride wore a street length eyelet dress with large white picture hat and white accessories and carried a bouquet of American red roses.

the bride, was bridesmaid and wore a coral pink street length dress and white accessories, with shoulder bouquet of white carnations and yellow mums.

Edwin McPherson, brother of the groom, was best man. Peter Hamel was usher.

Mrs. McPherson, mother of the groom, chose a flowered silk crepe dress and wore a corsage of small red and yellow roses. Her accessories were navy blue.

Mrs. Worthing, mother of the bride, chose a pale blue dress and wore a shoulder corsage of red and yellow roses. Her accessories were white.

Later a reception for 34 guests was held at the bride's parents' home. In the center of a large dining table the large three-layer cake was placed. With a bride and groom trimming the top layer. The room was lit by candles light.

The bride chose a blue suit with white accessories for her going away suit. They plan on a two weeks' trip through lower Michigan.

The bride graduated from Math-er high school in Munising in June, 1946. The groom, also a graduate of the same school, in June, 1942. The groom was discharged from the army in March,

1946. He spent nearly four years in the army, eighteen months of which was spent in New Guinea.

**Personals**  
Rev. and Mrs. John Hamel and daughter Mary of Marquette and Mr. and Mrs. Peter Hamel of Big Bay were Sunday dinner guests at the Worthing home.

Mrs. Jack Inman is very ill at her home.

Rev. and Mrs. Jolls and son Earl went to Drummond, Wis., to attend the wedding of Mrs. Jolls' sister, for which she was maid of honor. Rev. Jolls returned to his home Saturday and Mrs. Jolls and son remained with her mother for

a short visit.  
Mr. and Mrs. Martin Krause are building a new home on M-94, next to the school house.

### VETERANS INCORPORATE

Washington, July 17. (P)—The senate passed and sent to the house today a bill which would grant incorporation to the American Veterans of World War II. This is the first World War II organization to win such action. The judiciary committee reported it has 730 posts with 65,000 members.

There are more than 600 species of wood in Venezuela's forests.
